OTIS
COLLEGE OF ART AND DESIGN

OTIS COLLEGE OF ART AND DESIGN & CITY COLLEGE OF SAN FRANCISCO
ARTICULATION AGREEMENT

Based upon the 2016-2017 Otis College of Art and Design Catalog
and the 2016-2017 City College of San *Francisco Catalog*

This articulation agreement was developed by Otis College of Art and Design and City College of San Francisco in May 2017. Its purpose is to enable prospective students to facilitate a more effective transfer to Otis College at the sophomore level for any major. It contains two sections:

Section I - Transferrable Studio Courses

Recommended studio courses that transfer to Otis College of Art and Design are listed first. Otis College studio courses are listed in the left column, and the equivalents offered at City College of San Francisco are listed in the right column. While Otis College recommends certain studio courses, additional studio courses eligible for transferring are listed as well. Otis College requires applicants to have 17 studio credits to be considered for the sophomore level. These credits may be in progress when the student applies to Otis College.

Section II - Transferrable General Education Courses

Section II provides a list of transferrable General Education courses that will be accepted for credit by Otis College. Sophomore level applicants should have 12 General Education credits.

All potential sophomore-level students must officially apply to Otis College by submitting the following: an online application, application fee, portfolio, personal statement, transcripts and English Proficiency scores (if applicable). Sophomore level placement is also contingent on a portfolio that demonstrates they are able to bypass the Foundation year. Students must have earned a grade of "C" or better in each class for which they wish to receive credit.

Approved:
