Accreditation Recommendation #4 SLO/Instruction
July 31, 2012, 3:30-5PM

Agenda
1. Review and approval of processes, responsible parties, timelines, and forms for documenting issues related to:
   a. Course SLO’s
   b. Program SLO’s
   c. General Education SLO’s
2. Review of other elements of Accreditation Recommendation:
   The results of ongoing assessment of student learning outcomes should foster robust dialogue and yield continuous improvement of courses, programs and services and the alignment of college practices for continuous improvement.
3. Parking Lot

Accreditation Recommendation #4:
To fully meet Standard II Student Learning Programs and Services, the team recommends that the college identify the intended student learning outcomes at the course, program, general education, certificate and degree levels, develop and implement assessments of student learning, and analyze the results of assessment to improve student learning. The results of ongoing assessment of student learning outcomes should foster robust dialogue and yield continuous improvement of courses, programs and services and the alignment of college practices for continuous improvement.
