Accreditation Recommendation #4 SLO/Instruction
August 30, 2012, 3-4:30PM, MUB 280
Andrea Niosi, Vivian Ikeda, Chrissy Leuma, Tom Boegel, Fabio Saniee, Rebeca Chavez

Minutes
Brief update on SLO Flex Day
We noted that plans for the SLO Flex Day on September 12th are underway. A subgroup of the SLO/Instruction Accreditation Response Team Group is working on the details.

Review of documentation and timeline required for October 15 Progress Report to ACCJC.
We reviewed the timeline for the October 15th Progress Report to ACCJC and our group’s ways of providing input. Members of the group are encouraged to provide feedback and ideas for the written report due September 6th. The next meeting of the group will be scheduled to coincide with the development of the final report presented to the Board at the end of September.

Review of current status and improvement plans for elements of the Proficiency Rubric.
We reviewed extensively the elements of the Proficiency Rubric, the College’s current status and our ways forward, as informed by the August 21 meeting and the August 13 meeting with department chairs. We noted that this will form the basis of a multi-year plan, and this approach will work well when we transition into Continuous Quality Improvement.

Members of the group are encouraged to provide feedback and ideas for the final version of this document.
