X.F. Vice Chancellor of Student Development Michael Pointdexter’s Report:

ADMISSIONS AND RECORDS

The Office of Admissions & Records received 1,226 petitions to graduate from students for the Associate of Arts or Associate of Science degrees. Noticeably higher from spring 2014, there was a 59% increase in the number of petitions for the Associate Degrees for Transfer (ADT). The transfer degree numbers will continue to increase as new majors are created by the CCSF departments and approved by the State Chancellor's Office.

Spring 2015 final grades were posted on June 3, 2015. Since the posting of final grades, the graduation staff has begun the final evaluation process to ensure that students have met the degree requirements. The Office of Admissions & Records Transcript staff is actively issuing official transcripts for students who need final transcripts for jobs or for transfer institutions. The transcript unit processes approximately 3,000 official transcripts for students every June.
