Phelan Campus-Horticulture Center- Floristry 1

Principles, demonstration, and practice of advanced floral decorating, including weddings, window, and store display. CSU

When students complete this course they are prepared to:

* Design 10 styles of popular wedding bouquets.

* Process and display cut flowers specific to weddings.

* Prepare mechanics for advanced design use.

* Construct and design advanced arrangements.

* Conduct a wedding consultation.

* Develop a client proposal.

* Plan and execute a wedding or special event.

* Design advanced corsages, boutonnieres and body flowers for weddings.
