City College of San Francisco Certificate In Dance

The curriculum for the Dance Certificate will allow students to develop the skills required to pursue careers in dance performance and dance education. The Dance Program provides comprehensive studies including history and theory, choreography, and technique and performance. To meet diverse student needs various options are available. Additional electives such as: anatomy, health science, music, theatre arts, African American, and Latin American studies support the student’s development.

All students need to meet with a faculty member for an entrance interview & approval of courses. The Certificate requires completion of 17 units, including 2 units of intermediate or advanced level technique, which can be completed in two semesters. The cumulative GPA must be at least 3.0. At least 12 units need to be completed at CCSF. Students wishing to use equivalent courses from other universities are responsible for providing supporting documentation in a timely manner. When a student seeks additional certificates, only 7 core units will not need to be repeated in option 1 or 2; the remaining 10 units, (8 units of electives & 2 additional units of production or repertory) must be from other classes. For option 3 or 4, 4 to 5 core units need not be repeated; the remaining 12 or 13 units must be from other classes. (approved 10-29-2003)

For further information call 415.452-5353, or visit the website at www.ccsf.edu (search: dance).
