

**GENERAL INFORMATION**

## GENERAL INFORMATION

### General Programs Of Study

#### Career and Technical Education Programs

An important function of City College of San Francisco is to provide career and technical education—two years or a shorter period of specialized college-level training designed to qualify students for entry employment or for upgrading in fields in which they have had experience or previous training. The College provides this preparation in both degree and certificate curricula.

These curricula are specifically designed to meet employers' and community needs and, in many instances, were developed in cooperation with advisory committees representing business, industry, organized labor, civil service, and the professions. Members of the College administrative and instructional staffs meet with representatives of these groups, as the need arises, in order to revise and to develop curricula and to facilitate the employment of graduates and others.

**Majors and Awards of Achievement.** Career and Technical Education students may wish to pursue an Associate Degree program. Associate Degree programs require 60 or more units of coursework, normally taken in two years.

Students interested in pursuing an Associate Degree should familiarize themselves with the requirements as stated in the "Associate Degree Graduation Requirements" section of this catalog.

One requirement of the Associate Degree is the Major requirement. Students may satisfy this requirement by following one of the majors specified by the department, as listed in the "Announcement of Programs and Courses."

Students pursuing the Associate Degree may simultaneously pursue an Award of Achievement. Requirements for Awards of Achievement are also specified in the "Announcement of Programs and Courses."

**Certificate Programs.** Certificate curricula generally require completion of fewer (generally 12 to 30) than 60 semester units, normally in a period shorter than two years, in conformance with the requirements of a particular department of instruction. The College offers more than 120 career and technical certificates.

The requirements for this award in the various certificate curricula are stated in the section of this catalog entitled "Announcement of Programs and Courses."

The College offers certificate curricula for two groups of students:

1. those who, for various reasons, desire to prepare for entry-level employment in a period shorter than two years and hence in more limited fields than those normally open to graduates of career and technical degree (two-year) curricula; and
2. those who have had previous training or experience, or both, and desire to add to their occupational competence.

**Employment.** The College attempts to find employment for students who have had career and technical training, both for those who have completed their training and those who, for various reasons, have been unable to do so. Placement, of course, depends upon economic conditions; students' abilities, aptitudes, and proficiency; and students' records at the College.

Although the College cannot promise employment, it uses various means of helping students find positions: the extensive contacts which instructors in career and technical fields maintain with employers, advisory committees for various occupational curricula, recruitment programs through which students meet employers on campus, off-campus work experience programs, Career Development

and Placement Center services, and the online resource, Career Connection (<http://career.ccsf.edu>).

The College recommends for employment and makes a special effort to find positions for all students who receive the Award of Achievement, with the exception of those trained for positions for which a federal or State license or other certification is required. The College extends its full services to these students after they have obtained licenses or certification.

Graduates of degree and certificate curricula are employed extensively in business, industry, civil service and in occupational capacities in the professions. Many have earned promotion to supervisory and executive positions and a number successfully manage their own business.

Course sequence in degree and certificate curricula in the Career and Technical programs are such that students develop occupational skills early in their training. The College is thus often able to help students find employment, even though they have been unable to complete their studies, entirely on the basis of their preparation in the program.

**General Education.** In addition to offering specialized career and technical training for employment, the College, in keeping with its objectives, to broaden students' educational background. The degree curricula in the Career and Technical Programs therefore devote a considerable part of their content to general education. A number of certificate curricula also include courses in general education. Because of the considerable variation in the general education program in the many occupational curricula, it is not feasible to include in this section a statement regarding the required and elective courses in general education in each curriculum. For information concerning these requirements see the "Graduation Requirements" section of this catalog.

**Specialized Career and Technical Courses.** Career and technical programs offer specialized courses designed for each occupation. Students are trained in skills that are necessary for them to obtain a job upon completion of their selected program. These specialized courses are updated to meet changing workforce demands.

**Transfer.** Although the College does not offer career and technical training primarily for transfer students, various universities and colleges may accept coursework as credit toward completion of a major or as elective credit.

**Work Experience Education.** A variety of structured work-based and school-based learning experiences is provided through a cooperative agreement between the student, the employer, and the instructor in several academic and career and technical courses. Students who fulfill the agreement achieve several job objectives and earn transferable college units. The College develops and monitors employment and internships for career exploration in the following departments: Administration of Justice and Fire Science; Aircraft Maintenance Technology; Architectural Technology; Automotive Technology, Broadcast Electronic Media Arts; Business including specialty programs in International Business, Paralegal/Legal Studies, Real Estate, and Travel and Tourism; Child Development; Cinema; Consumer Education, including Nutrition Assistant; Culinary Arts and Hospitality Studies; Computer Science; Computer Networking and Information Technology; Environmental Horticulture and Floristry; Fashion; Graphic Communications; Health Care Technology including specialty programs in Emergency Medical Technician, Health Information Technology, Medical Assisting, and Pharmacy Technician; Health Education, including Community Health Worker; Interdisciplinary Studies, Multimedia Studies; Journalism; Library Information Technology; Photography; and Radiation Therapy Technology.

The Business Department offers general work experience courses (300 series and 800 series) designed to help students acquire necessary and desirable workplace habits, attitudes, and skills.

In addition, career exploration through structured work experiences is offered in Asian American Studies, Biology and Earth Sciences, and Psychology.

For enrollment requirements, refer to catalog course descriptions.

### Transfer Program

Credit earned in City College courses is transferable to universities and colleges, but not on a uniform basis, since the transfer policies of these institutions vary. Students who intend to transfer may satisfy lower division requirements for the professions or the liberal arts, and transfer to baccalaureate degree-granting institutions.

Articulation agreements which list detailed information concerning specific majors and which describe course transferability and applicability between City College of San Francisco and baccalaureate degree institutions are available online at [www.assist.org](http://www.assist.org) and at [www.ccsf.edu/artic](http://www.ccsf.edu/artic).

## Specific Programs Of Study

### Programs for High School Students

We offer three types of programs for high school students. For more information on any of these programs, please check with your school counselor or call Admissions and Recruitment at (415) 239-3557.

**Dual Enrollment Program.** This program allows students to earn high school credits while earning college credits simultaneously. Students are enrolled both in their high school and at CCSF.

**Concurrent Enrollment Program.** This program allows high school students to enroll in college level courses and receive college credits. Students must have a minimum of 2.0 GPA with 130 high school credits. Courses offered cannot be a part of the high school student's basic education plan of courses required for high school graduation. The courses must be above and beyond graduation requirements. There is no cost for college tuition.

**High School Credit Program.** This program allows students to receive high school credits and/or equivalency.

### Continuing Education Program

Continuing Education (CE) is the extended learning program of CCSF. It is a not-for-credit, fee based, self-supporting program offering short term classes and workshops in a wide variety of areas. Class meetings are generally held on evenings and Saturdays. Workshops vary from two to thirty-two hours in length. CE receives no state funding; student fees cover the cost of instruction and all related expenses. Classes and workshops are held in the following subject areas: art, business and finance, computer software applications, food and wine, foreign language, health and fitness, home and garden, music, ornithology, personal development, photography, professional re-licensing, test preparation, theater arts, and writing. On-line classes are also available. For information on these visit [www.ed2go.com/ccsf](http://www.ed2go.com/ccsf).

Pre-registration is encouraged for Continuing Education classes and workshops; however, some space may be available at the first class meeting. Students may register online at [www.ccsf.edu/contined](http://www.ccsf.edu/contined). Scroll down the left-hand side of the screen and click on "online registration". Registration information and a class schedule may be obtained from CCSF Continuing Education Office, Fort Mason Center, Laguna St. and Marina Blvd., Building B, SF, 94123. Telephone: 415-561-1860. Fax: 415-561-1849.

### Contract Education Program

It is the policy of the San Francisco Community College District to build partnerships with business, industry, government, trade

unions, and community agencies. In support of this policy, a unified, District-wide effort has been established to develop and implement not-for-credit and credit contract educational programs.

Contract education consists of those educational services which the District provides for employees and other individuals sponsored by public, private, or community organizations, and for which the District charges a fee to the sponsoring organization. Contract education is an alternative vehicle through which the District can serve all educational needs. Contract education expands access to higher education and, at the same time, affords the faculty an avenue to expand their professional horizons (267-6545).

### Ethnic Studies

Through the four ethnic studies departments, the College seeks to promote greater understanding of the culture, history, language, and contributions of African Americans, Asian Americans, Latin Americans, and Filipino Americans. The Program is also designed to serve the broad educational needs and interests of the student body, to provide the courses needed for a general major in ethnic studies, and to provide the curricula necessary to satisfy the degree requirements of the various departments of instruction in ethnic studies.

**Admission.** Enrollment is open to all students, regardless of their ethnic origin, whether they desire to complete a major or to take a particular course or group of courses. In some instances, primarily in courses such as English, foreign languages, and social studies, students are required to satisfy prerequisites before enrolling.

**Curriculum.** The courses offered by the African American Studies Department (AFAM), the Asian American Studies Department (ASAM), the Latin American and Latino/a Studies Department (LALS), and the Philippine Studies Department (PHST) are listed under the above titles in the "Announcement of Programs and Courses" section of this catalog.

### Family Studies

Noncredit courses include infant development, preschool years, school age child, adolescents and their families, child-parent relationship, parents in the business community, state preschool, preschool parent participation, child development centers, and foster parent training. Classes are free and offered in convenient locations in the city. For enrollment information, call 452-5905 or 239-3172 or visit the Orfalea Family Center Bldg. 200 or, the Multi-Use Bldg., MUB 249 on the Main Campus. For enrollment information in CCSF Child Development Centers, call 561-1895. Training for foster parents and those interested in their issues/concerns is available through a special grant from the California Community College State Chancellor's office. For further information call 239-3172 or visit our website at: [www.ccsf.edu/Departments/Child\\_Development](http://www.ccsf.edu/Departments/Child_Development).

### Honors Program

The Honors Program offers students an enhanced educational experience along with potential transfer and scholarship benefits.

Honors courses provide students with an enriched curriculum either in:

- specific sections of core transfer courses or
- honors contracts (Students complete an agreement with the faculty member for Honors work in addition to the regular course work.)

**Transfer Benefits of Honors Work.** In either case, the course is designated "Honors" on the student's transcript.

Many universities and colleges recognize the academic achievement represented by Honors courses with preferential transfer tracks, supplemental points in transfer evaluation, scholarships for honors students, etc. Successful completion of honors course work can be a big asset especially in transferring to programs in heavy demand at universities.

CCSF Honors students may also look forward, after transfer, to participation in honors programs in many universities and colleges.

**Eligibility for Honors Courses.** While any CCSF student may take an honors course, to participate fully in the Honors Program and have your work recognized on a certificate, you need to meet ONE of the following criteria:

- College GPA of 3.0 or higher
- SAT score of 1650 (1100 if pre-Spring 2005) or higher, ACT score of 24 or higher
- TOEFL score of 500 (PB+), 61 (IB+), or 173 (CB+)
- Score of 4 or higher on AP classes in high school

To remain in the program, you must maintain a GPA of 3.0 or better. To receive an Honors designation on a certificate, you must complete at least 15 units in Honors. By completing at least 15 units via at least five honors classes you may also be eligible for our Honors Transfer Partnerships, which will give you preferential treatment when applying for a variety of colleges and universities. Most of these partnerships require that you do no more than 9 of your 15 units of honors credits during your last semester at CCSF. Please note that while completing 15 units is an admirable goal, it is not a requirement for membership. The word “Honors” will appear on your transcripts next to all honors classes you complete, even if you do not complete all 15 units.

**UCLA Transfer Alliance Program.** If you are applying for the UCLA Transfer Alliance Program, at least 6 of the 15 required Honors Program units for certification must be completed by the end of the fall semester the academic year before the student wants to begin at UCLA. So for example if a student wants to start at UCLA in the fall of 2011, s/he must complete at least 6 honors units of the required 15 honors units by the end of fall 2010 in order to get TAP certified. The remaining 9 units can be completed in the spring. It should also be noted that in order to be eligible for TAP certification, the student’s “UC GPA” must be at least a 3.0. TAP certified students are eligible for priority admissions to the UCLA College of Letters and Science and may be eligible for UCLA honors scholarships. Please visit <http://www.ugeduction.ucla.edu/tap/> for additional details on the UCLA TAP Program.

**Honors Courses Offered.** Check the Time Schedule for the list of courses in honors each semester. Look under “Honors Courses.” To date, honors courses at City College have included the following instructional areas: anthropology, art, Asian American Studies, biology, broadcasting, business, Chinese, economics, English, French, geography, interdisciplinary studies, Japanese, mathematics, music, nutrition, political science, psychology, sociology, Russian, Spanish, speech, and Women’s Studies.

The Honors Program instructors will work with all CCSF students on honors projects with some exceptions. Some instructors are so popular with honors students that they cannot work with everyone that wants to do honors projects with them. They may give students a test and work with only the top scorers. Others may have various other criteria. Some instructors will not work with students on honors projects who have not earned a CCSF GPA of 3.0 or higher (your GPA goes on the honors contract form so that is how they know about it). The best way to find out is to ask them. The CCSF website (<http://www.ccsf.edu/Info/Dir/dir.shtml>) has every instructor’s e-mail address and phone number on it so students can ask them.

For questions concerning the Honors Program, please call the Honors Office Batmale 572 at (415) 239-3376 or e-mail [skudsi@ccsf.edu](mailto:skudsi@ccsf.edu). Additional information is also featured on our web page: <http://www.ccsf.edu/Departments/Honors>.

### Intensive English Program for International Students

City College of San Francisco offers an intensive English program for college-oriented students on F-1 (student) visas. The program is one semester (18 weeks) or nine weeks in length, 20 hours per week, and prepares the student for further academic study and to achieve a higher score on the TOEFL examination. A 4 or 8 week summer program is also available. For additional information, contact the Intensive English Program, City College of San Francisco, 50 Phelan Avenue, Box C-208D, San Francisco, CA 94112, USA or call (415) 239-3895 or visit the CCSF website: [www.ccsf.edu/international](http://www.ccsf.edu/international). E-mail: [international@ccsf.edu](mailto:international@ccsf.edu)

### Interdisciplinary Studies

The Interdisciplinary Studies Department is committed to innovation, diversity, and collaboration. The College provides interdisciplinary instruction through courses in multimedia as well as in those covering various aspects of the biological, physical, social, and behavioral sciences, humanities, and ethnic studies. The courses are listed under “Interdisciplinary Studies” in the “Announcement of Programs and Courses” section of this catalog.

### Labor and Community Studies Program

Credit and noncredit classes in employment rights, leadership development and power relations in society are offered throughout the year. Classes include organizing for economic and social justice, collective bargaining, shop steward training, working class history, health and safety, environmental justice and social action theater and music. Students can earn certificates or an Associate in Arts.

### Lesbian, Gay, Bisexual, and Transgender Studies

In the fall of 1972, an English Department instructor launched one of the first Gay Literature courses in the country. The durability and popularity of Gay Literature resulted over time in the development of gay and lesbian identified courses in other departments of the College and, in the spring of 1989, to the establishment of the first Gay and Lesbian Studies Department in the United States. In Spring 1996, the name of the department was changed to Gay, Lesbian and Bisexual Studies. In 2008, the name was changed again to Lesbian, Gay, Bisexual, and Transgender Studies. The courses offered in this department explore the social and cultural dimensions of the phenomenon of homosexuality and include bisexuality and transgenderism. They aim to promote objective understanding of the complexity of the gay, lesbian, bisexual, and transgender experiences while serving the broad educational needs of the student body. The department hopes to increase social awareness with regard to the gay, lesbian, bisexual, and transgender subcultures while recognizing the contributions of their members to society at large.

### Noncredit Programs, Services, and Resources

Students enrolled in noncredit courses have access to a variety of services which are designed to help each student attain educational and career objectives. There are counseling services for students seeking postsecondary and/or continuing education as well as vocational training. Counseling services reinforce the overall goals and objectives of the College. Adults seeking assistance and guidance are helped to become financially, educationally, and personally self-sufficient.

**GED Testing Center.** The tests of General Education Development (GED) were developed by the American Council on Education to assist individuals, who have not completed their high school education, with obtaining a certificate equivalent to a traditional high school diploma. The GED battery consists of five subject areas: Math, Science, Social Studies, Language Arts-Reading, and Language Arts-Writing.

Upon successful completion of the GED tests, the California State Department of Education awards an equivalency certificate to the GED candidate. By California law, the equivalency certificate is considered

equal to a high school diploma for purposes of employment in all state and local public agencies. The certificate is also accepted nationally by most employers, colleges, and universities.

City College offers the GED tests in English and Spanish. Special editions are available for the legally blind. Modifications and special accommodations for learning or physically disabled students can be made by prior arrangement and approval of the State GED Administrator only after providing supporting documents.

Students and members of the public who wish prepare for the exams should enroll in Transitional Studies GED preparation courses offered at several CCSF campuses. The City College of San Francisco GED Testing Center is located at the John Adams Campus at 1860 Hayes Street. For further information regarding testing, registration or GED fees, call (415) 561-1824.

**Older Adults Classes.** Taught at forty different locations throughout the City, no-fee classes are available in a variety of subject areas including art, music, literature, sewing, health, writing, crafts, discussions, theater, computers and more. A brochure with the schedule of classes and locations is printed each semester and is available by calling the CCSF Older Adults Department at (415) 452-5839.

**Transitional Studies.** The Transitional Studies Department offers noncredit classes that are free of charge, offered at various campuses during the day, evenings and Saturdays. Courses include a wide variety of High School subjects, GED Preparation and Adult Basic Education in reading, writing, mathematics and study skills. In the Transitional Studies Department, students may earn the CCSF HS Diploma, transfer high school credits to other schools, study to pass the GED, and improve academic skills. Student goals may be to prepare for academic college credit courses, vocational training programs, the workplace, and life enrichment. Courses may be small or large group instruction, individualized, and may include computer assisted instruction and field trips. Programs include opportunities for individual tutoring, GED courses taught in Spanish, and courses to which students may enroll at any time during the semester. Telephone: (415) 920-6131.

### Online Courses

Online courses provide students with the opportunity to learn in an environment that is physically remote from their instructors and classmates making it easier to balance higher education goals with other responsibilities. Students may choose to combine online learning with on-campus classes or take an entire course load online. City College offers over 100 online credit courses, many meeting AA/AS degree, certificate, major and transfer requirements. Online courses are as demanding as lecture courses. Students must be self-motivated, possess effective study skills, and be able to work independently.

A computer with Internet capability is the primary tool used for online courses. Insight (Moodle) is the Learning Management System (LMS) CCSF uses for all online courses. Online courses require textbooks, assignments exams, interaction between students and the instructor, and offer other tools that support student learning. Some online courses require students to come to a CCSF campus for orientations and mandatory meetings. Students are strongly encouraged to have basic experience with the internet and regular access to a computer. Some courses may require software downloads as well as minimum hardware and software requirements.

Registration for online courses is the same as for face-to-face classes. Information on course offerings is listed in the printed and online version of the Class Schedule as well as at <http://www.ccsf.edu/online>. Visit the website for a list of online courses, for guidelines for successful online learning, and to take a short self-evaluation to decide if online classes are right for you.

### Study Abroad Programs

The Study Abroad Programs Office provides students with the opportunity to study and live in another country while receiving CCSF credit and continuing to work towards their academic goals. Both semester length and short term programs are offered. Students are encouraged to explore the use of financial aid and scholarships in order to help finance a study abroad experience. International study provides unique insights into culture, language, history and oneself. Participants will gain a more global perspective on cultural, international, political, and economic issues; interpersonal relationships; and career choices. For more information contact the Study Abroad Coordinator by calling 239-3778, or visiting Cloud Hall, Room 212. Students can request program brochures by e-mailing [studyabroad@ccsf.edu](mailto:studyabroad@ccsf.edu). Program information and brochures are also available on the program website: [www.ccsf.edu/studyabroad](http://www.ccsf.edu/studyabroad).

### Telecourses

Telecourses are college courses offered via television. By enrolling in a telecourse, students can complete graduation area requirements needed for a general AA/AS degree, as well as complete requirements to transfer to the CSU and complete IGETC requirements. Telecourses are as demanding as lecture courses. Students must be self-motivated, possess effective study skills, and be able to work independently.

Telecourses are broadcast on the San Francisco educational access cable Channel 27 and Channel 75. Students take telecourses primarily by watching their video lessons on EATV-Channel 27. In addition, students attend three required meetings on the City College Ocean Campus—and orientation, a midterm, and a final. Telecourses require textbooks, assignments, exams, interaction between students and the instructor, and offer other tools that support student learning. The instructor of each telecourse is available via telephone during scheduled office hours every week in order to answer questions about the course. Each video lesson is available in the Media Center in the Rosenberg Library on the Ocean Campus. Most courses are available for rent from private firms. Support material and newsletters for each class are sent directly to students' mailing address by the instructor of the class.

Registration for telecourses is done the same for a face-to-face course. Textbooks are available in the CCSF bookstore. Fees for the telecourses are the same as the fees for credit courses. More information on course offerings is listed in both the printed and online version of the Class Schedule as well as at <http://www.ccsf.edu/Telecourses>.

### Working Adults Degree Program

The Working Adults Degree Program is a fast-paced degree program for working adults offered at the Mission and Southeast Campuses. It is designed for students to attain their Associate degree while fulfilling general education requirements that are transferable for a Bachelor's degree. Classes offered at these neighborhood locations are chosen to meet as many requirements as possible for both degrees. Every effort is made to meet the needs of the students enrolled in this program. The WADP is characterized by a high degree of support for students, priority registration, and convenient daytime, evening, and weekend classes. In addition, students have the benefit of attending classes in a smaller setting. For further information, call (415)920-6010 for Mission Campus and (415)550-4300 for Southeast Campus. You may also explore the website at <http://www.ccsf.edu/WADP>.

### Women's Studies

In Spring 1971, City College of San Francisco offered its first course directed specifically to women's interests and educational objectives - Interdisciplinary Studies 20, Women in the Modern World. Its success led to the institution of the Women's Studies program, one of the first in the nation. The program's 30 plus courses, taught in various

disciplines, focus on the complex role of women in society. Women's Studies courses are open to all students. In some instances, students are required to satisfy prerequisites before enrolling. Please see "Women's Studies" in the "Announcement of Programs and Courses" section of this catalog for details.

### Other Areas Of Interest

#### Concert and Lecture Series

A wide variety of concerts and lectures are presented by professionals each semester. These programs are free, and the entire campus community and the community at large are invited. Students, faculty, administrators and staff may submit suggestions for programs to the Concert Lecture Series Committee for its consideration. For more information call 239-3580.

#### Course Offerings to Fit Your Schedule

The College provides semester-length as well as shorter-term credit and noncredit courses at times and places which are designed to be convenient to students. Instruction is offered days, evenings and weekends. In addition, there are telecourses which can be viewed on your tv at home and online courses which can be accessed through your computer. All of the College's offerings for the fall, spring, and summer terms are listed in their respective Schedule of Classes which includes all forms necessary for you to enroll at City College of San Francisco. Easy online enrollment is also available at [www.ccsf.edu](http://www.ccsf.edu).

#### Fitness Center

Fitness Center provides a full-body workout utilizing the state-of-the-art Fitlinxx computerized system that is attached to Life Fitness strength machines and cardio machines, including programmable treadmills, elliptical trainers, and bikes. The Fitness Center staff are CCSF instructors in the Physical Education and Dance Department, with a range of experience including strength, sports, dance, pilates, yoga, aerobic fitness, and rehabilitation techniques, and all have received additional training on the Fitlinxx system. Students must enroll in PE 200B/C in order to use the Fitness Center.

#### Intercollegiate Athletics

Intercollegiate athletics are offered for men and women. College teams compete in the Coast Conference and with teams from other schools. Intercollegiate sports include baseball, basketball, cross-country, football, soccer, softball, swimming, tennis, track, badminton and volleyball.

#### Intercollegiate Speech and Debate Team

The CCSF Speech and Debate Program is a nationally ranked team that participates in intercollegiate tournaments locally, statewide, and nationally. The Speech and Debate Team is a member of the Northern California Forensic Association, the California Community College Forensic Association and the Phi Rho Pi Forensic Honor Society. Students have the opportunity to compete in all 11 individual events as well as various styles of debate. Events include informative, persuasive, impromptu, prose, poetry, duo, parliamentary debate and Lincoln/Douglas debate. For more information call Dr. Kristina Whalen at 452-4842 or email at [kwhalen@ccsf.edu](mailto:kwhalen@ccsf.edu). See courses listed under "Speech Communication." The Speech and Debate Program is located in Cloud Hall, Room 208B.

#### Lost and Found Articles

Persons who find lost articles on campus are requested to bring them to the Community College Police Department, Cloud Hall, Room 119. Persons who have lost articles may check to see if they have been recovered at the Community College Police Department. Due to limited storage space, unclaimed items may be purged every six months.

### Performing Arts

Performances given by students enrolled in courses in music, dance, and theatre arts contribute much to the enrichment of campus life.

The Music Department schedules both professional and student recital series each semester, presenting an average of two concerts weekly. Audiences from the College as well as the community-at-large are invited to attend without charge.

Frequent campus and community programs are also offered by the College dance classes. Dancers of all degrees of ability may study and perform a variety of dance styles, including classical, modern, jazz, folk, ethnic, social, tap, and square dancing.

The Theatre Arts Department offers several major productions each year in the Diego Rivera College Theatre. Participation is open to all students regardless of experience and background. In addition, smaller dramatic productions are developed each semester that may include dinner theatre, club sponsored productions and use of the Venue 222. Occasionally, all three performing arts areas cooperate to produce a major production.

### Ocean Campus Boundaries

The City College of San Francisco Ocean Campus is bounded on the north by Judson Avenue and Havelock Street; on the east by U.S. Interstate 280; on the south by Ocean Avenue; and on the west by Phelan Avenue.

### Public Transportation

The City College Ocean Campus is two blocks from BART's Balboa Park Station and the end of the J-Church line. It is also served by the following MUNI lines direct to the campus:

K-Ingleside, 36-Teresita, 43-Masonic, 49-Van Ness and 9X, 9AX, 9BX Bayshore Express. The following buses stop within walking distance of the campus: 23-Monterey, 26-Valencia, 29-Sunset, and 54-Felton. For additional route information contact BART and MUNI directly.

### Student Housing

The College does not provide residences for students. The Housing Bulletin Board is located in the Student Union, where postings can be found for students who seek rental housing. CCSF does not assume any responsibility for the condition of the rentals listed.

### Symphony Forum

City College students may attend Wednesday and Friday evening concerts of the San Francisco Symphony Orchestra on a season-ticket basis. This activity is made possible through the San Francisco Symphony Forum, a self-governing student organization representing many Bay Area collegiate institutions. In addition to concert attendance, students are offered the opportunity to meet guests of the Orchestra, both on the various campuses as well as after performances in Davies Hall. City College also sends students to usher at many performing arts houses in exchange for free admittance to the shows. More information can be obtained from Creative Arts Building, Room 213.
