

Opportunities for Faculty to Serve on College Committees

Express your perspective about College plans, regulations, and policies through Shared Governance. The many Shared Governance committees give us the opportunity to participate in developing CCSF policies. The Academic Senate seeks interested faculty to serve in the areas listed below. Note especially our two new committees! To volunteer, complete the interest form on the Senate website and send it to Conlan Hall, E202. For more information, send an email to fteti@ccsf.edu
