I. Approval of Minutes
The minutes were approved without any changes.

II. Strategic Plan (Karen Saginor/Pam Mery)
After a long discussion the Strategic Plan was approved. Next the plan will be reviewed by the CPBC before it goes in front of the Board for final approval.

III. Reports from the Committee Chairs

1. College Diversity Committee (Dr. Don Q. Griffin)
The College Diversity Committee had a single agenda item meeting and that was the parcel tax.

2. Committee on Information & Public Records (Attila J. Gabor)
Since the items on the CIPR’s list were resolved before the committee could meet, there was no meeting.

3. ITPC (David Yee)
In absence of David Yee, the committee chair, David Hotchkiss a member of the ITPC was asked by Karen Saginor on the status of the wireless access. Hotchkiss informed the council that IT is trouble shooting problems with capacity issue and hope to solve it soon. Additional issues around authentication will be further discussed at the May meeting of the CAC.

4. Communication Committee (Francine Podenski)
Podenski updated the council on the success of the Granicus, which allow streaming video access via internet to the Board of Trustees meeting. Around 170 people watched the meeting via internet. In addition, the CC asked the CAC to approve the changes to the CCSF front page. The first change was to move the Athletic link from another part of the front page. Its current place was taken by the announcement of summer school. The second major change was in the area of calendars. The CAC approved the changes. Finally, in preparation of the Accrediting Team visit, a group was created that is going through the CCSF webpages and recommends changes if needed to make sure the webpages are up-to-date.
