1. Minutes of last meeting approved.

2. **Transfer Information in Fall 2006 Schedule:** Deanna Abma reported that the Transfer pages in the schedule have been increased to a four-page spread and are now located in the center of the time schedule as a “pull-out” piece.

3. **Transfer Associate Degree:** Issues concerning the TAD need to be clarified, and discussion will continue at our next meeting.

4. **CCSF transcript notation:** Donna recommended that the CCSF should include notations as to a course meeting CCSF GE, CSU GE and IGETC requirements. Many community colleges have such notations, and it helps students who transfer to other community colleges. The committee agreed that this should go forward to the Academic Policies Committee.
