

Academic Cart Bundle

DESCRIPTION

Designed as an economically priced solution for academic applications (K-12, etc.), the mobile and easy-to-use Mediatech Academic Cart Bundle is well-suited for classrooms, conference rooms and board rooms. When fully configured, the academic bundle is easy to setup and use at a moment's notice. The bundle can support new or existing projector, DVD/VCR combination unit, PC or laptop, and document camera.

The basic bundle consists of the MT-225 ClassMate Shell with an integrated ButtonMate Lite mounting wedge and control system.

FEATURE SUMMARY

Equipment Cart:

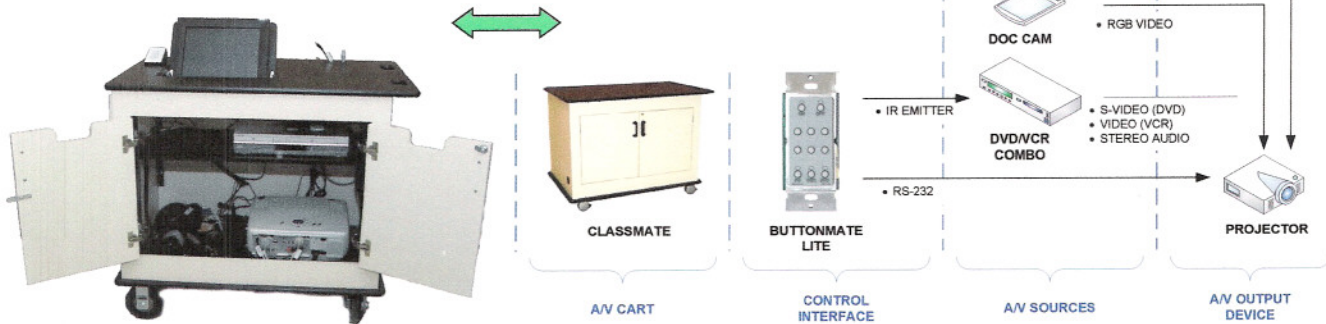

- Mediatech MT-225 ClassMate
- A mobile lockable cart capable of housing all A/V equipment and accessories in both storage and operational configuration

Control Panel:

- Mediatech MT-LT-BM, ButtonMate Lite
- Small form-factor, all-in-one button panel to control serial and IR audio/visual equipment.
- Easily configured without proprietary programming

A/V Sources and Output Device:

- Can support existing or new devices with serial and/or IR interfaces
- Bundle can be tailored to the user's desired configuration to meet capability requirements and budget
