

BRETFORD BASICS™

MULTIMEDIA HEIGHT ADJUSTABLE CABINET CART

ECILS3

Designed for computer projection in the classroom, training room, or anywhere a laptop drives the presentation. Height adjustable pull out shelf with positions between 29" and 37" high is wide enough for both a laptop computer and a mouse pad. Large locking cabinet secures equipment and includes perforated holes to ventilate electronic equipment.

FEATURES

- Top shelf adjusts from 31" to 39"H and supports an overhead or data projector or up to 25" monitor.
- Pull out notebook shelf is 29" to 37" high and can be set to seated or standing heights at time of assembly. Pull out shelf is always 2" lower than the top shelf.
- Cord management system includes grommet holes to feed power and data cables through the cabinet.
- All steel construction with die pressed shelves.
- Features 30% post-consumer recycled steel content and an environmentally friendly powder paint finish.
- Moves on 4" Quiet-Glide stem casters, two with locking brakes.
- Locking storage cabinet is 23"D by 30"W; cabinet doors are 12"H.
- ECILS3FF includes a UL listed, surge protected, 10 outlet electrical unit that mounts inside the lower cabinet.
