OVERVIEW OF THE COLLEGE

City College Offers You These Opportunities:

Associate in Arts or Associate in Science Degree
City College of San Francisco, a two-year college, confers the degrees of Associate in Arts or Associate in Science on students who satisfy the course and grade requirements for graduation.

Wide Choice of Majors and Courses
Since the program of instruction is designed to meet both students' and community needs, the College offers you a wide choice of majors and courses: you may complete the first two years of training for a profession, satisfy freshman and sophomore requirements for transfer to baccalaureate degree-granting institutions; prepare for employment at the end of two years or a shorter period of training; take evening, Saturday, and summer courses; remove educational deficiencies; or get other special preparation.

The program of instruction includes the following:

Program in General Education — An extensive selection of courses in the humanities, the arts, the natural and social sciences, and other fields are offered to enable students to enrich their educational background

Transfer Program — Courses offered to satisfy lower-division requirements to enable students to transfer to baccalaureate degree-granting institutions as juniors

Occupational Program — Training for employment in occupations normally requiring two years or a shorter period of specialized college preparation

Non-traditional Studies — Courses directed specifically to the interest and educational objectives of major segments of the San Francisco community including African Americans, Chinese, Gays and Lesbians, Latin Americans, Asian Americans, and Filipinos.

Interdisciplinary Courses — Interdepartmental instruction in various aspects of the biological, physical, social, and behavioral sciences; humanities; and ethnic studies.

International Education Program — Courses abroad for credit and courses locally about Pacific Rim topics and issues

Telecourses — Courses that are offered via television

Foundation Courses — Basic courses in business, English, guidance, and mathematics.

Noncredit Courses — Mostly open-entry/open-exit courses, many emphasizing vocational education, leading to employment or job upgrading but also including courses in English as a second language, elementary-level and secondary-level skills, parent education, health and safety, home economics, citizenship for immigrants, and special courses for disabled persons and older adults.

Community Service Courses — Short-term classes and workshops serving community interests for which fees are charged because no tax support is available.

Accredited Curricula
The entire program offered by City College of San Francisco is accredited by the Western Association of Schools and Colleges, a nationally recognized accrediting agency. The accreditation evaluation report is available for examination in the Chancellor's Office, Conlan Hall, Room 200. In addition, many occupational curricula the College offers have specialized accreditation by, or approval from, recognized national or state agencies.

Admission Open to High School Graduates and Others
City College has an open admissions policy. You are eligible to attend if you meet at least one of the following requirements:

- You will be 18 years old as of the first day of instruction,
- You are a high school graduate, or
- You are the equivalent of a high school graduate, i.e., you have passed the GED or a state high school proficiency examination.

Please note that the above requirements are general; other factors may determine if you are eligible.

Prospective students should apply for admission early to complete the matriculation process and to have the best chance of enrolling in preferred classes.

Conversion of Noncredit to Credit
You may, upon completion of some noncredit certificate programs, petition to have some units of credit assigned to your noncredit studies if you are entering a degree or credit certificate program.

College Education Close to Your Home or Work
All Campuses of City College are within easy reach by car or public transportation. Credit and noncredit classes are offered at eight major locations throughout the City.

Student Services
City College offers you a wide variety of services which are designed to help make your educational experience successful and rewarding. The Scholarship and the Financial Aid Programs, the Student Health Service, Veterans Services, Disabled Students Programs and Services, the Extended Opportunity Program and Services, the Re-Entry to Education Program, the Childcare Service, the Peer Adviser Program, the Information Center, and other services are available to assist you as you work toward attaining your educational goals.

Counseling Services
As a student at City College, you receive individual counseling from a professional counselor. Your instructors also advise and help you. Through its counseling programs, the College helps you choose an occupation; plan a program of study based on your interests, abilities, and needs; develop educa-
tional plans. The College provides all types of educational counseling, including academic, career, transfer, and personal, and assists you with personal problems or other matters affecting your studies or your college career.

**Career Development Center**
As a City College student, you may use the many services offered by the Career Development Center to help you develop career goals, select a major, and seek employment. Services include career success courses (LERN 40, 41, 42 and 60), career counseling, referral to internships, part-time, temporary, and full-time jobs, and career choice and job-search workshops. The Center maintains a career resources library which features computerized, written, and audio-visual career and employment information to assist you in making informed career decisions and planning your job search strategies. The Career Center maintains a 24-hour JobLine with current employment opportunities listed by employers. In addition, recruitment is on-going.

**Other Educational Services**
To help you accomplish your educational goals, the College provides additional services, including those offered by the College Library, the Alice Statler Library, the Language Laboratory, the Media Center, the Reading Laboratory, the Writing Laboratory, the Write Place, the Instructional Computing Laboratories, the Mathematics Center, the Chemistry Study Hall, the Nursing Skills Laboratory, the Biology Auto-tutorial Laboratory, and a variety of other facilities throughout the City at satellite campuses. Occupational and general work experience are available to City College students.

**Learning Assistance Center**
The Learning Assistance Center offers a variety of programs and services designed to help you become a more efficient, independent learner and to make your educational experience at City College more successful. The Tutorial Center provides free tutoring in mathematics, business, social sciences, foreign languages, and other subjects. English and ESL instructors and tutors are available to help you in the Writing Laboratory and the Writing Success Project. The Reading Laboratory provides students with individual assistance in vocabulary, spelling, and reading difficulties. The Academic Computer Laboratory offers access to the Internet and e-mail, and to educational CD ROM and software programs. The Write Place Computer Laboratory offers word processing facilities with assistance from English instructors and tutors. The Computer Learning Lab offers drop-in computer skills workshops for students. College Success Courses and Career Success Courses are offered through the Learning Assistance Department, Interdisciplinary Studies Department, and Career Development Center.

**Associated Students**
Any student currently enrolled in a class at City College of San Francisco is a member of the Associated Students (AS). The AS Constitution sets up an Executive Board as a representative body for all CCSF campuses to facilitate communication, leadership, and advocacy. Each campus may adopt its own set of by-laws to guide local governance.

Each spring the Associated Students selects a student trustee to represent their interests on the San Francisco Community College Board of Trustees. Further, AS appoints all student participants for shared governance.

The AS funds such diverse programs as the bookloan program for low income students; an emergency student loan fund; developing a program of cultural events and activities; selecting student representatives on college-wide shared governance committees; Dr. Betty Shabazz Family Resource Center, the Women’s Resource Center and more than 60 clubs and campus organizations. There is a $5.00 voluntary Student Activity Fee, payable at registration, to help support these activities.

The Associated Students can be reached in the Student Union Building at the Phelan Campus or by contacting the main office at all other campuses.

**The Inter-Club Council (ICC)**
Recognized and funded by the Associated Students, the ICC consists of elected representatives from over 60 clubs. For more information about an existing club or about starting a new club, please stop by the Student Union and pick up a club packet.

**Student Activities Office - Student Union**
City College of San Francisco provides a program of student activities that encourages student leadership, participation in shared governance, and involvement in campus life. Information is available in the Student Union Building, Room 205, Phelan Campus.

The Student Union at the Phelan Campus is a place where recognized student organizations can meet, socialize, and sponsor events. It is also a place where individual students and small groups can study and relax. Other campuses are in the process of creating space for students to meet and organize.

**Transfer to Universities and Colleges**
To earn the Bachelor’s or a higher degree, or to complete training for a profession, you may transfer from City College to a university or a college as follows:

If, when you enter City College, you have already satisfied the requirements for admission to a university or a college, you may transfer with full credit whenever you have completed the proper university courses satisfactorily. Because the College is accredited nationally and offers preparation for so many fields, you have a wide choice of schools at which to take advanced courses. Generally, to be eligible for transfer, you will need an average final grade not lower than C in all courses that you attempt.

If you need to make up high school courses or grades, you may remove your deficiencies while you take the university courses for which you are qualified. The courses and grades necessary for transfer and the number of semesters you will need to complete depend upon the requirements of the university or college at which you plan to continue your studies.

The section in this catalog entitled “Transfer Information” lists general transfer requirements for the University of California (all campuses), University of California, Berkeley, and Califor-
nia State University (all campuses). Your counselor will be glad to discuss these requirements with you and will help you get information concerning transfer.

Articulation agreements which list detailed information concerning specific majors and which describe course transferability and applicability between City College of San Francisco and baccalaureate degree-granting institutions are available at the Transfer Center (Science Hall, Room 132) and online, www.assist.org.

Occupational and Continuing Education

DEGREE CURRICULA
(60 or more semester units)

Students may receive the Associate Degree with an Award of Achievement and normally qualify for employment after completing specialized courses and general education requirements in the following areas:

ADMINISTRATION OF JUSTICE

AIRCRAFT-Maintenance TECHNOLOGY
(Options in Aircraft Powerplant Maintenance Technology; Airframe-Maintenance Technology; and Avionics-Maintenance Technology)

ARCHITECTURE
Interiors
Architectural Technology
Construction Management
Design Firm Management

AUTOMOTIVE TECHNOLOGY
(Options in Automotive Mechanics; Automotive Body and Fender Repair)

BIOLOGICAL SCIENCES
Biotechnology

BUSINESS
Accounting
Fashion Merchandising
Finance
Office Information Processing
Paralegal/Legal Studies
Real Estate
Travel and Tourism

CHILD DEVELOPMENT

COMPUTER AND INFORMATION SCIENCE
Computer Science
Computer and Information Science

DENTAL ASSISTING

DENTAL LABORATORY TECHNOLOGY

DIAGNOSTIC MEDICAL IMAGING

ENGINEERING
Engineering Electronics Technology
Engineering Technology
Mechanical Engineering Technology

ENVIRONMENTAL HORTICULTURE AND FLORISTRY
Commercial Cut-Flower and Greenhouse Production
Landscape Gardening and Landscape Contracting
Nursery and Garden-Center Operation
 Floristry

FILM PRODUCTION

FIRE SCIENCE TECHNOLOGY

GRAPHIC COMMUNICATIONS
Graphic Design
Print Production

HEALTH INFORMATION TECHNOLOGY

HOTEL AND RESTAURANT OPERATION

JOURNALISM

LABOR STUDIES

LIBRARY INFORMATION TECHNOLOGY

MEDICAL ASSISTING
Medical Administrative Assisting
Medical Office Assisting

NURSING

PHOTOGRAPHY

RADIATION ONCOLOGY TECHNOLOGY

CREDIT CERTIFICATE CURRICULA
(Normally 12 to 30 semester units)

Students may receive a Certificate of Completion after completing specific course requirements in the following areas:

ADMINISTRATION OF JUSTICE
Forensic Identification

AIRCRAFT-Maintenance TECHNOLOGY
Powerplant Maintenance Technology
Airframe-Maintenance Technology
Avionics-Maintenance Technology

AUTOMOTIVE TECHNOLOGY
Aircraft Automotive Mechanics
Body and Fender Repair
Metal Repair

BIOLOGICAL SCIENCES
Biotechnology

BROADCAST ELECTRONIC MEDIA ARTS
Broadcast Journalism
Digital Radio
Sound Design and Production
Video Production and Editing

BUSINESS
Fashion Merchandising
Finance
International Business
Image Consulting
Marketing
Microcomputer Accounting
Office Information Processing
Paralegal/Legal Studies I & II
Real Estate
Total Quality Management
Travel and Tourism

CHILD DEVELOPMENT
Administration
General
