## October 1st is Transfer Day

Please let your students know that representatives from baccalaureate degree granting institutions from throughout California as well as the U.S. will converge on City College of San Francisco **Friday, October 1** for Transfer Day. From 9 A.M. to 1 P.M. in the Cafeteria on the Ocean Avenue Campus, students will have the opportunity to find out firsthand about their options and the requirements they will need to fulfill to transfer. “Students just need to show up, then walk about, talk with the representatives and pick up any printed material they may need,” says **Larry Damato**, Transfer Counselor. “We’re expecting 1,000 to 1,500 students to participate in this initial contact toward finding the college or university that fits them best.”

Scheduled to attend the Transfer Day event are:

### California State Universities

### A. President Yee

(1) I want to thank Lynda Hirose for the wonderful "Wok on the Wild Side" program put on by the Department of Culinary Arts and Hospitality Studies.

(2) I would also like to thank Council for the support that they gave me during my term as President of the Academic Senate.

(3) I was the only community college representative at the Statewide IMPAC meeting which oversees articulation between Community Colleges and the U.C. and C.S.U. systems.

(4) There is an ongoing discussion as to whether the ceremonies for new Tenured Faculty should be continued. I expressed the opinion that it should be continued.

### B. First Vice President Teti

(1) I gave the Academic Senate report to the Board of Trustees at its April meeting

(2) I will be chairing a meeting of the Academic Policies Committee on Monday, May 17, at 2:15 P.M. in Arts 303, on the Ocean Avenue Campus. The Committee will hear proposals from the English and ESL Departments' Curriculum Committees on Written Expression requirements. All are invited to attend.

### C. Second Vice President Podenski:

## VII. Unfinished Business

**A. Report on Shared Governance Review: Yee/Podenski**

*Continued on Page 5*

# Official Minutes of the Academic Senate for May 12, 2004

*Continued from Page 4*

President Yee contacted **Stephen Herman**, Director of Administrative Services, and urged him to convince the Administrators Association that the best approach toward legitimacy in the Shared Governance process would be to activate the Administrators Committees that are currently in the Shared Governance agreement. Herman conferred with his constituency and they agreed. A copy of a draft of the Shared Governance Review document, with Council's recommended changes, was handed out. Underlying faculty concerns included

- \* restoring the Shared Governance Coordinator/ Officer staff back to 80%, so as to function more efficiently, and
- \* reviewing and clarifying the mission of each Shared Governance committee and subcommittee.

## **2004-05-12-02 (A. Clark/O. Clark, MSU)**

That Council agree with the spirit of the recommendations list, with the understanding that it is still subject to changes.

### **B. Report on Accreditation Self-study: Yee/O.Clark**

An orientation was held on Friday, May 7, at the Mission Campus. Sessions will continue until the end of the semester. Faculty who are interested may still volunteer for Accreditation Committees.

### **C. Update on Executive Council Election: Yee**

The results of the Senate election were handed out. Since we could only seat three faculty from each area (except ESL), two of the Counselors could not be seated.

### **D. Report on Proposed Changes to Program Review for Instructional Units: Podenski**

The Office of Research and Planning is working on a new version of the document that we reviewed at our last meeting. After the last Program Review Committee meeting, it was agreed that a question asking what a Departments plan is in assessing Student Learning Outcomes would be included in the

Review. Learning Outcomes would include objectives as stated in the course outline, and other activities. This would give departments the option of using course objectives as an option in Student Learning Outcomes. This seemed to address the concerns that Council had at our last meeting. If council has any questions or concerns, they can put them on the Council email.

## **VIII. New Business:**

### **A. Report on Spring State Academic Senate Plenary:**

#### **Yee/Teti/Podenski/Nance**

Each of the Officers reported on the workshops that they attended and their other experiences at the State Plenary Session. 2nd Vice President Podenski distributed prepared notes about her experiences.

### **B. Special Order of Business: Trustee Lawrence Wong**

**Lawrence Wong**, President, CCSF Board of Trustees, indicated that he supports AFT's proposed criteria for placement and movement of current and new faculty hired into the non-M.A. disciplines, but he was not speaking for the CCSF Board. A top priority at a recent Board retreat was District diversity. The Board will now look at the various aspects of diversity and identify the areas where improvement is needed. Trustee Wong thanked Council members for their hard work and support over the year.

### **C. Report on State Academic Senate 2003-2004 resolutions: Yee**

President Yee distributed copies of the State Academic Senate 2003-2004 Resolutions to Council members so that they can get a sense of important statewide issues that are being discussed and coming forward.

### **D. AFT's Proposed Change in Salary Column Requirements: Ed Murray/Allan Fisher**

**Allan Fisher** distributed copies of AFT's proposed change in salary were distrib-

uted to Council to get input. The chart outlined proposed District changes in Professional Growth Increments in disciplines not requiring a masters degree. The District proposal is designed to help faculty who are in disciplines where an M.A. is either not available or not required. This change should help faculty who are grossly underpaid. This would conform to changes to minimal qualifications made in AB1725 legislation. AFT disagrees with the District proposal on these points:

(1) The District requires a B.A. at 45 units. AFT feels that a BA would be beneficial for everyone to attain at some point, but that they should get it at 60 units past the A.A. because if a B.A. were required at 45 units it would be difficult to move beyond 45 units

(2) The District is requiring a Master's Degree to reach the highest limit. AFT feels that in lieu of an M.A., all that one should have to show is advanced training of some sort in a particular area. The changes in salary column movement above Column E will be reviewed in the Fall 2004 semester. If Council members have any comments or suggestions they can take them directly to AFT.

### **E. Resolution for Greg Kuhns: Teti/O.Clark**

President Yee distributed a resolution for Greg Kuhns, the Business Department Instructor who passed away recently. Council approved it after minor changes. Second Vice President Podenski will print it on parchment and frame it for the memorial service to be held in his memory on Thursday, May 13, 2004.

### **O. Clark/Podenski (2004-05-12-03)**

#### **RESOLUTION FOR CRAIG KUHN**

WHEREAS, Craig Kuhns served on numerous Business Department committees, including hiring, retention, tenure review, faculty evaluation, and master plan; and
