Grant/Project Title: Northern California Biotechnology Center

Award Amount: $178,875

Funding Source: State Chancellor's Office

Award Date: 2000

Abstract:

The Northern California Biotechnology Center (NCBC) is a partnership of ten community colleges that address the needs of community college biotechnology programs in the greater Bay Area. The Center leverages resources that help increase the quality of education for biotechnology students, accelerate the development of individual college programs, and influence the development of well-educated, science-literate, associate level students who are qualified entry-level workers. The Center also serves as a liaison to industry.
