Grant/Project Title: BEAMS (Building Education Around Meaningful Service)

Award Amount: $170,952
(for three years, pending availability of funds)

Funding Source: State Chancellor’s Office

Award Date: April, 2002

Abstract:

CCSF will use Funds for Student Success to expand the College’s community service learning programs—Project SHINE in particular. The Office of Mentoring and Service Learning (OMSL) will respond to student demand for additional, advanced service-learning experiences. The OMSL will meet this need by facilitating the development of second-stage, post-SHINE courses enabling students to deepen, hone and expand their interest in integrating service with their academic experience.
