Grant/Project Title: Asian Infusion

Award Amount: $26,741

Funding Source: State Chancellor's Office

Award Date: July, 1999

Abstract:

This project will allow faculty to participate in a seminar series centered on Asian perspectives. Faculty will revise their own curriculum to add an Asian perspective (e.g., develop a course module, provide examples from an Asian culture). Faculty will then mentor at least one other faculty member in their department so that they can adapt their curriculum for their own course. The funds are needed to pay stipends for faculty to participate, to provide stipends and travel funds for speakers.
