## ***Financial Sense to White Picket Fence*** **Instructor Guide Available to all California Community Colleges**

March 10, 2010.

An instructor guide and curriculum developed in conjunction with the California Department of Real Estate is complete and ready for you to offer at your college. The DRE Financial Literacy Initiative partnered with the California Community College Chancellor's Office and four community colleges to create a program for all Californians. The series of four live seminars, webinar, and website material are part of the DRE's desire that all Californians are prepared to take advantage of the current affordable housing market. The live seminars and just released community college course offering are entitled: ***Financial Sense to White Picket Fence: Budgeting, Borrowing, Buying & Beyond.***

This instructor guide has everything you need to offer a community college academic or community education program at your college. It is perfect for a one-unit "special topics in real estate" academic class. Alternatively, consider this as a community education or contract education course. It is not too late to offer this class during the summer 2011 session. The materials include: 4-DVD modules, 1-CD class materials, instruction guide, certificates of participation, overhead masters, PowerPoint presentations, Spanish language audio overlay and more.

The complete Instructor Guide is available to all community college real estate programs. Get yours in person at the Northern California Real Estate Educator's conference, Hilton, Oakland Airport on Friday, April 15, 2011. April is Financial Literacy month. Ask our featured morning speaker, DRE Commissioner Jeff Davi, to autograph your copy. This is a great incentive for you to attend the Friday, Real Estate Educators' Conference on April 15, 2011 at the Hilton Oakland Airport.

For those of you who cannot wait or unable to make the conference, kindly remit \$10.00 to cover the cost of postage and handling to this office at the address below.

A student companion book of the same title will be available soon through Amazon.com, Borders.com, or your local bookstore.
