

Use the Internet

- 1 • Double -click on

Internet Explorer

- 2 • Click in address bar – the color will change to blue

- 3 • Type address exactly as it is written. For example:
- www.1-language.com
 - www.manythings.org
 - www.altavista.com/tr
- 4 • Click the **Enter** key one time, and wait to see the website on your screen

We will practice these addresses in class.
