

Map of the ACRC

301 Batmale Hall

The CS and CNIT Departments' Support Lab for students doing CS and CNIT homework

Main areas and computer types

To identify the areas of the lab to use for your class, see the back of this map or consult your instructor or lab staff.

All students using the ACRC are expected to read and follow printed and posted lab rules.

Multimedia students must also abide by Macintosh usage rules.

Everyone must have a current CCSF ID for scanning in/out.

Equipment and media check-out also require a California ID.

AccuTrack scanners sign users in and out for every ACRC workstation.

Units with scanners have light green tags on their monitors.

Professional scanners have film holders available for check out at the Reception Desk.

Printers

Units with easier access for the physically challenged

Macintosh units available for General Use

Graphic Tablets

Units with Logic Apple Pro Keyboards for Final Cut Pro

Updated Fall 2011
