SUBJECT: AUTHORIZATION TO APPLY FOR GRANT FUNDING
(Resolution No. 120823-B2)

BACKGROUND:

CCSF has a history of pursuing grants from private foundations and government agencies to enhance student success and strengthen the institution overall in a variety of ways.

The California Community Colleges Chancellor’s Office has invited City College of San Francisco’s Child Development and Family Studies Department to apply for a renewal of its current funding for the Career and Technical Education Teacher Preparation Pipeline.

Board approval is being sought for this application. A summary of the application appears below:

Funder: Career Technical Education – Economic and Workforce Development Division, California Community Colleges Chancellors Office

Grant Title: Teacher Preparation Pipeline

Department: Child Development and Families Studies/Teacher Prep Center

Expected Amount of Funding: $120,000

Indirect Rate: 4% applied to all direct costs (capped by funder)

Description: CCSF will leverage existing partnerships with the San Francisco Unified School District (SFUSD), San Francisco State University (SFSU), and industry to ensure that a clear pathway exists for future teachers from high school to community college to four-year credentialing institutions within science, technology, engineering, and mathematics and provide opportunities for future teachers to earn an Adult/Career and Technical Education teaching credential.

Alignment with CCSF Mission: The proposed project aligns with CCSF’s mission in that it promotes transfer to a four-year institution with a focus on career training. The project also provides students with an array of support services, including counseling, career advisement, and assistance in identifying career and transfer pathways, all of which enhance student success for transfer and graduation while minimizing the time required for completion. The Child Development and Family Studies Department addresses continued CTE pathway development in its program review as an ongoing activity.
