The Pleasure of Your Company is Requested!

Dear Faculty and Staff Colleagues:

We write today to offer this special and personal invitation to participate in the Commencement exercises for our Class of 2018.

This year we will hold Commencement in the beautiful Davies Symphony Hall at the Civic Center. Our Assemblyman David Chiu will deliver the keynote address. Another feature of the ceremony will be a special recognition for our retirees and colleagues who have passed this year. And of course the stars of the show are our graduates who will each have their glorious and well-deserved moment on the grand stage.

All commencements are special and this one will be particularly memorable as a celebration of an extraordinary year of progress. Celebrations are all the more memorable when the entire family is gathered, so please come and lend your voice and spirit to our collective shouts of joy for our students.

If you will attend or if you have any questions about robing or anything else, please email Cynthia Dewar at cdewar@ccsf.edu.

We look forward to seeing you!
