General Guidelines

Students who do not show on the first day of a class lose priority registration unless prior arrangements are made with the instructor. If Office of Admissions report a full class please attend the first class meeting. No shows will be replaced with added students.

- Do not enroll in classes you do not plan to attend. No shows create risk factors for course cancellations.
- 80% attendance and a passing grade of C or better is required in all program certificate course work.
- Do not overlap classes when planning a course. Carefully Check Dates & Times. **Conflicts will void or delay registration.**
- Download a Planning Guide to assist you in the selection of your courses at www.ccsf.edu/bus.
- Course waiver requests must provide evidence of the completion of student learning outcomes (transcripts or test exam)
- Certificate entrance and exits require New Student Counseling appointment or drop-in:
