Subject: Program Review Materials

Dear College Community,

Through the dedicated work of department chairs and other faculty, classified staff, and administrators, the College has established a robust, annual program review cycle which we build upon every year. Program review is designed to assess the effectiveness and future needs and directions of our various departments and programs.

Take a look at [last year's completed program reviews](#) to see the program review for your area. Not sure who submits the program review for your area? Each report indicates the contact person responsible for submission.

This year's program review materials are now available at <http://www.ccsf.edu/programreview>. The final deadline has been extended into January per the revised [Annual Timeline](#) and [Deadlines & Key Dates for Fall 2014](#).

Over the next few weeks, we'll send tips and host drop-in sessions. In the meantime, here are a few highlights:

- To inform Student Equity efforts, be sure to analyze access and success data by student demographics and include that *as the first part* of your response to Question 2.
- Help us "close the loop"! Dozens of prioritized items from Fall 2012 program reviews were approved for funding in fiscal year 2013-2014. If an item in your area was on the [Consolidated List](#) and received funding, be sure to include a short description of progress and any resulting improvements *as the first part* of your response to Question 5.
- [Thirty faculty positions](#) prioritized from Fall 2013 program reviews were approved for hiring in Spring 2015. As other funding decisions are made, we will share those with you.
- [CTE departments](#), be sure to complete the new CTE addendum. Also, be sure to use the Perkins Crosswalk if you intend to apply for Perkins funding.
- In addition to Data Links which include historical expenditure data, [current budgets](#) are also posted online. We're working with VCFA Ron Gerhard to coordinate a workshop on this item. Meanwhile, budget questions may be directed to [Rosalie Roque](#).
- Current [Board Priorities](#) are posted. Tips for Referencing Plans & Priorities, along with Student Equity and SSSP goals, will be posted soon.
- Questions? Email us at research@ccsf.edu.

Thanks for your work and efforts to support our students and continuously improve all aspects of City College.
