## SEARCH TIPS and more!

- Personal names** To search for books about someone (Subject search) or books by someone (Author search), enter the name in **last name, first name** format!  
*Example:* Child, Julia
- Wildcards** Use the wildcard "\*" to find different forms of endings of a word.  
*Example:* communicat\* finds "communicate" "communicates" "communication" "communicating", etc.  
 The "?" wildcard replaces a single character within a word.  
*Example:* wom?n finds "women" and "woman"
- Boolean Operators** Use "AND" or "OR" between multiple words in any field, any order.  
 AND reduces your results by adding words each result must have.  
 OR increases your results by allowing results to have just one of the terms.  
 AND NOT exclude results with that word.  
*Example:* stocks AND bonds  
*Example:* (Alaska OR Canada) AND (adventure AND NOT vacation)
- Loan periods** Circulating materials check out for 3 weeks. Most Reserve materials check out for only a couple of hours. Reference materials must be used in the library only.
- Citation information** Information for writing citations, like author, title, publisher and date and place of publication, is at the top of the library record.
