

Computer Technician Certificate of Accomplishment - Active

Department: Computer Networking & Information Technology

Approval: December 2012

This certificate includes instruction and practice in the identification, installation, and configuration of hardware devices to build, maintain, upgrade, and improve performance of a computer system. This course prepares students for CompTIA's A+ exam, a certification equivalent to six months' work experience as a computer technician. Students completing this certificate program will be qualified for entry-level computer technician and technical support positions.

Learning Outcomes

Upon completion of this program, students will be able to:

- Identify, install and configure hardware devices.
- Build, maintain and upgrade computer systems.
- Improve performance of computer systems.
- Prepare for industry certification exam equivalent to 6 months' work experience as a computer technician.

Students must complete each course with a grade of "C" or higher.

The minimum time for completion of this certificate is 2 semesters. Completion time will vary based on student preparation and number of classes completed per semester.

Courses Required for the Certificate of Accomplishment in Computer Technician

Course	Units
Required courses:	
CNIT 101 - Operating Systems I - Windows	3.00
CNIT 102 - Operating Systems II - Command Line	3.00
CNIT 103 - Computer Hardware	3.00
CNIT 103L - Computer Hardware Lab	1.00
CNIT 104 - Operating Systems Technologies	3.00
CNIT 197 - Internship and Work Experience	1.00
Total:	14.00
Total:	14.00
