

JavaScript Specialist Certificate of Accomplishment - Active

Department: Computer Networking & Information Technology

Approval: September 2015

Effective Semester: Fall 2016

This certificate includes instruction and practice in the development, configuration and operation of web sites focusing on JavaScript and its libraries/frameworks. Students completing this certificate program will be qualified for employment in entry-level positions in dynamic front-end web site development.

Learning Outcomes

Upon completion of this program, students will be able to:

- Develop and maintain web sites according to industry standards
- Apply techniques to add interactivity to web pages via scripting programs and/or use of libraries/frameworks

The minimum time for completion of this certificate is 2 semesters. Completion time will vary based on student preparation and number of classes completed per semester.
