

## Fashion Design AS Major - Active

---

Department: Fashion

Approval: February 2019

Effective Semester: Fall 2019

The Fashion Design Associate degree builds on the Fashion Design Certificate, adding required general education courses. The Design degree gives students a strong basis in design concepts, industry terminology, clothing construction, presentations, and illustration techniques. Fashion design training can lead to careers as fashion illustrators, designers, technical designers, patternmakers, product developers and entrepreneurs. With the additional general education courses, students will enhance their writing and social awareness skills.

### Learning Outcomes

Upon completion of this program, students will be able to:

- Create fashion garments from initial design concept to final product.
- Analyze and select appropriate raw materials and techniques for fashion products.
- Relate the history and social context of fashion to the current fashion zeitgeist.
- Apply technical and professional skills expected in the fashion industry, as an employee or an entrepreneur.

Assuming students start this AS with transfer-level math and English eligibility, the minimum time for completion is 4 semesters. Completion time will vary based on student preparation and number of units completed per semester. Students are encouraged to apply for both the Fashion Design Certificate of Achievement and the A.S. Degree.

### Courses Required for the Major in Fashion Design AS

Course	Units
<b>Required foundational courses:</b>
