The Annual Plan is based primarily upon the College’s Strategic Plan plus other recent College plans, program reviews, studies and, most recently, college-sponsored listening sessions. The Annual Plan serves as an operational version of the College’s plans for a one-year period; it consists of a set of institutional objectives that are to be achieved by the College through the efforts of its various college units and their regular budgets. Thus, the unit plans are linked to the annual plan, just as the annual plan is linked to the College’s overall Strategic Plan. Implementation will follow established college processes and procedures.

The annual institutional objectives are developed in two categories: Basic Operational Objectives (maintenance of effort objectives) and Developmental Objectives (growth objectives as well as new initiatives). The developmental objectives are mostly drawn from the strategic priorities that are to be addressed in 2002/3 as stated in the College plans cited in the parentheses.

Progress in achieving these objectives will be evaluated during the mid-year and end-of-year reviews. The College recognizes that periodic changes in objectives also will be necessary to adapt to new unanticipated situations. All major cost centers at the college will discuss their progress and achievements and their assessment will be incorporated into the mid-year and final end-of-year reports.

**Operational Objectives**

These objectives represent the basic maintenance-of-effort activities of the institution and account for a sizable level of the institutional resources and efforts.

1. To provide high quality educational programs and courses for associate degrees, transfer to baccalaureate institutions, career education and workforce training, English as a Second Language, adult high school diploma, non-credit, cultural enrichment, and lifelong learning.
2. To provide high quality student development and educational services in areas of financial aid, student information, admissions and records, matriculation, advisement, counseling, career and job placement, childcare, academic support, and library and learning resources.
3. To provide high quality extra-classroom opportunities in areas of cultural, recreational and educational activities.
4. To provide high quality services in the areas of fiscal and administrative services, facilities management, data processing, enrollment management, public information, comprehensive planning, research, institutional effectiveness and assessment, fund raising and grants, personnel management, academic management, faculty/staff development, and executive leadership.
5. To continue to maintain a high level commitment to college participatory governance for faculty, classified staff, students and administrators.
Developmental Objectives

These objectives represent the improvement and expansion activities of the institution and account for varying levels of institutional resources and effort. The developmental objectives are organized under the six institutional goals established in the college Strategic Plan. They are as follows:

I. Enhance Access to City College of San Francisco
II. Promote Student Success in Achievement of Educational Goals
III. Improve Satisfaction with College Services
IV. Promote a Supportive and Positive Workplace
V. Manage Resources Effectively
VI. Pursue Highest Standards of Educational Excellence
