Subject: Resolution No. 960125-B10

Authorization to contract with Mobile Modular, to provide the District with a construction trailer for the Project: CCSF, Central Shops and Warehouse, located at the Phelan Campus, for a period from December 8, 1995 through December 7, 1996 at a cost not to exceed $6,000.

President and Members:

The District wishes to continue using the construction trailer that was provided by the contractor for the project: CCSF, Remove Architectural Barriers. The contractor’s lease on the trailer expired on December 7, 1995 and was scheduled to be removed. The District would benefit from assuming the terms of the contractor’s lease, saving the considerable expense of delivery, installation, electrical and phone service. The trailer will be used by the District’s project manager for conducting meetings and will serve as office space for the Inspector of Record, who will be on the District’s project payroll. The construction project is expected to be completed early in the year, 1997.

Funding for this project will be provided by District Funds and will be charged to the project construction account, Appropriation Fund No. 929020.

The following resolution is recommended for adoption:
