Q & A PANEL 1:15 – 2:00 p.m.

Join us for a free film screening of the award-winning *Agents of Change* which documents student protests for relevant and meaningful education for racial/ethnic minorities in the 1960s at San Francisco State University and Cornell University. Such events sparked the creation of the first and only **College of Ethnic Studies** in the nation at San Francisco State. The lessons of both campus struggles remain relevant today.

A panel discussion featuring Filmmaker **Abby Ginzberg** and pioneering San Francisco State student leader and striker **Juanita Tamayo Lott**, will follow the film.
