Foundations for Community Health Workers, Second Edition
Learner Instructions for Using Videos

We have created over 80 videos, developed with the participation of current CCSF students, working CHWs, CCSF faculty, and local public health experts. The videos feature brief demonstrations of core CHW competencies for working directly with clients, as well as interviews with faculty, CHWs and other experts. The videos range from 1 to 8 minutes in length and are designed to focus in on a particular concept or skill.

The videos created for the 2nd edition of the textbook are available at the Foundations YouTube channel: https://www.youtube.com/channel/UCKSB1-LQsSfsRp24Q9W2Jlw. Alternately, go to www.youtube.com and search for “Foundations for Community Health Workers.”
