Bystander Intervention
Interactive Workshops at City College of SF
led by SF WAR (San Francisco Women Against Rape)

Each interactive presentation provides an overview of oppression dynamics and strategies for interrupting oppressive situations when they occur. Participants learn about the roles of bystander, target, ally, and oppressor and how each operates during an oppressive situation. The workshop engages participants in dramatic role-plays that explore motivations behind oppressive actions while also providing opportunities to practice intervening.

Tuesday, Feb. 7
12:40-1:55pm – Rosenberg Library Room 304
2:30-3:45pm – Wellness Center Room 103
