VII. Planning, Reports, and Updates

A. ASCCC Plenary Session

President Teti, 1st Vice President Hanson, 2nd Vice President Staff, and Council member Tom Kennedy updated the Council about their experiences at the ASCCC Spring Plenary. Highlights include:

● There were sessions about ongoing legislative issues. The ASCCC has begun (for the first time) lobbying to help educate and influence new legislators.
● There were a number of changes made to Title 5 in the aftermath of AB 705.
● There was a panel about online speech requirements and online science labs and how to make them both accessible and pedagogically sound.
● There was a budget panel that indicated if budget decisions affect accreditation. This is a specific justification for making budgets a 10+1 issue.
● There was discussion about the increased quality of consultation between the State Chancellor’s office and the ASCCC leadership, although it’s coming after the State Chancellor was able to pass a number of policies such as AB705 and the new funding formula.
B. CTE Liaison

Kathleen White, CTE Liaison, provided a brief update about the updated newsletter, the last CTE Steering Committee meeting, a successful Employer Recognition Event, and the effects of class cuts on CTE programs.

C. Budget Committee

Simon Hanson, 1st Vice President provided a brief update to the Council about the Budget Committee. They have been meeting once a week as we approach the end of the semester and fiscal year.

VIII. Unfinished Business

A. Second reading: Grow our College Resolution

Wynd Kaufman brought an updated draft resolution to the Council.

```
Resolution 2019.04.17.03  Grow Our College Resolution

Whereas, the CCSF Administration continues to reduce the offered curriculum, and, collaterally, the instructional workforce;

Whereas, the CCSF faculty constituencies have counseled Chancellor Rocha that plans to increase class sizes, reduce the diverse in-person course offerings, and greatly expand online sections require more input from students, faculty, department chairs, and community stakeholders; and

Whereas, there is no evidence that reducing the schedule will increase revenue; therefore be it

Resolved, that the CCSF Academic Senate urge the CCSF Board of Trustees and the Chancellor to:
1. Create a budget that prioritizes the classroom and students so as to ensure that the College serves SF’s diverse communities by
   a. prioritizing direct expenses on classroom instruction and student services,
   b. soliciting input from college constituencies as well as the larger SF community
   c. supporting a schedule that reflects our students’ academically diverse goals.
2. Institute a transparent and collaborative scheduling process (with input from students, faculty, counselors, etc.) that values program expertise and utilizes historical data and evidence to develop a schedule that reflects and advances the diversity of student learning goals.
3. Fix the registration system and consult students and faculty about its features.
4. Engage in vigorous, concrete, targeted outreach for low-enrolled classes.

B. First reading: Student Equity & Achievement Plan [link to the draft plan]

Tessa Henderson Brown, Dean of Student Equity, and Mitra Sapienza, Student Equity faculty coordinator, spoke to the Council about the first draft of the CCSF Student Equity Plan for 2019-2022. The report is not totally complete because the data that need to be utilized in the report were just received. There were some questions about when this report would be complete (May 1 meeting will have the data) and how the report takes into account class size (it doesn’t explicitly).

C. Vote: Adoption of Vision Goals [link to template]

Pam Mery, Dean of Institutional Effectiveness, oriented the Council to the Vision Goals for CCSF.

There were a few questions and comments from the Council:
● There was concern about the data provided and whether or not they include an understanding of changing enrollment. According to Mery, the Goals take enrollment into account.
● There was a question about how possible it is to measure whether or not students took jobs in their fields of study.

### Resolution 2019.04.17.05  Adoption of Vision Goals

Resolved, that the CCSF Academic Senate recommend that the College adopt Vision Goals 1 through 3 as presented, and

Resolved, that the Academic Senate request supplemental information from the Planning Committee justifying the data for Vision Goal 2.

**MCU, Abstentions:** None.
**Not present:** Kimiyoshi Inomata, Marc Santamaria, Louis Schubert, Dina Wilson

### X. Administration Report

Chancellor Rocha provided a brief update to the Council. Chancellor Rocha highlighted the value of the Student Equity Plan as we make every decision at our college. This includes funding for diverse faculty representation, funding for hybrid online courses, and funding for student support services such as tutoring and counseling. Rocha also reminded the Council that there are two Board of Trustees meetings next week. One will focus on the schedule and the budget, the other is a regular Board meeting on Thursday. There was a question about FPAC and the hiring of diverse faculty, and the Chancellor indicated that HR would provide a report at the next Board meeting identifying which positions will be advanced to that end. There was a suggestion that we bring back the “Grow Your Own” program, and the Chancellor acknowledged that now might be the time to bring that program back.

### XI. Special Order of Business: Welcome Board Vice President Tom Temprano

Board Vice President Tom Temprano introduced himself to the Council and invited members to share major issues happening on campus. Faculty raised concerns about the tone of some public comments at Board meetings, the Board’s knowledge and understanding about the implementation of AB705, the relationship between equity goals and the budget, and class cancelations.
