I. Call to Order, 2:30

II. Adoption of Agenda
Agenda adopted.

III. Officers’ Reports
President Teti briefly reported that:
- Occasionally there are positive things to report, such as MaryLou Leyba’s appreciation of faculty.
- There have been increasingly accelerated administrative search committees. It is getting harder and harder to find faculty to sit on these committees at such short notice.
- There are a few items worth viewing in the materials folders that will become items on the consent agenda at the next meeting.

First Vice-President Hanson briefly reported that:
- There was a budget committee meeting that focused on process. They are meeting again next week and the Chancellor is going to come in to help clarify the purpose of the budget committee.
- He attended an Area B meeting last week. The next meeting will have the full list of resolutions.

Second Vice-President Staff briefly reported that:
• There have been a few schools in the state that have passed “No Confidence” resolutions in response to the state Chancellor.

Secretary Litzky briefly reported that:
• None at this time.

IV. Public Comment
• There was a concern shared by a retired counselor about some of the facilities and budget changes happening at the college.
• There was a concern shared about the ongoing lower Balboa Reservoir land development. A flyer was shared from “Public Lands for Public Good.”

VII. Special Orders of Business:

A. Welcome New Student Trustee Max Hirschfield

The Student Trustee introduced himself to the Council and shared some of his aspirations and goals to increase student participation in Academic Senate and PGC committees. The Student Trustee requested that we offer some sort of incentive for students to participate in these committees. A few Council members provided some suggestions and contact information to help support this recruitment process.

B. Welcome New Trustee Ivy Lee

Trustee Lee introduced herself to the Council and spoke about the Free City charter amendment that is being developed. The charter amendment includes a baseline set for each year (15 million per year) rather than the lower negotiated numbers with prior mayors. There would also be incremental increases each year that will be similar to the CPI increase each year (approximately 2%). Lee wants the charter amendment to be flexible so we can expand to include new adjustments, such as expanding the eligibility requirements. There is an attempt to get this charter amendment approved with the current Board of Supervisors before Jane Kim leaves.

VIII. Reports

A. Guided Pathways

Rob Yung, GP Communication Coordinator, updated the Council about RISE (Re-Imagining the Student Experience) work happening on campus.

B. Health & Safety Update w/ District Risk Manager Aaron Holmberg

District Risk Manager Aaron Holmberg updated the Council about his role and primary responsibilities. A number of Council members shared their concerns about ongoing safety concerns on campus.

C. Education Master Plan report

Faculty co-chair Loren Bell updated the Council about the ongoing development of the Education Master Plan. The Council shared a number of comments and concerns about the ongoing work with the EMP.

D. Enrollment Management and Growth Plan report
AVC Kristina Whalen and ESL faculty member Denise Selleck updated the Council about changes and edits to the Enrollment Management Growth Plan. AVC Whalen said that all the changes suggested by the Council were accepted, with the exception of one. One suggestion about salary tables prompted them to totally remove the section (rather than being updated) because it appeared to be a part of the budget committee’s purview rather than the Enrollment Management Growth committee. Selleck spoke about the addition of a specific supplement that discusses Noncredit enrollment.

E. Facilities Master Plan report

Vice President Hanson briefly updated the Council about the Facilities Master Plan. The Council asked a few questions about the plan. Everyone is encouraged to attend the upcoming Facilities workshops to ensure faculty voice and representation are included in the plan.

F. Technology Plan report

President Teti shared some updates from the ITAC. The next meeting is on October 23rd, 1-3pm, in Batmale 108. There were some concerns shared about the limited amount of information coming from Ellucian during this transition to Banner 9 because some faculty feel like they are still “in the dark” about what exactly is happening.

IX. Unfinished Business

A. Vote to select Academic Senate Goals for 2018-2019

President Teti led the Council in a discussion about the Council goals for 2018-19. After a brief discussion the Council voted to work on faculty-driven vision. At the next meeting we will discuss a plan to achieve that goal.

Resolution 2018.10.17.03 Academic Senate Goals for 2018-19

The Academic Senate will adopt as our goal for 2018-19:

Develop a faculty-driven vision for college-wide changes and initiatives (such as the Education Master Plan and the Facilities Master Plan) to communicate with the Board of Trustees.

Moved: Lou Schubert; Seconded: Marie Osborne

Motion Carries Unanimously, Abstentions: None.

Not present: Octavio Alvarez, Kimiyoshi Inomata, Danyelle Marshall, Sheila McFarland, Pablo Rodriguez, Kerri Ryer, Marc Santamaria, Mike Solow, Rosario Villasana

B. Action: Enrollment Management and Growth Plan

Resolution 2018.10.17.04 Enrollment Management and Growth Plan
Resolved, that the Executive Council approve the Enrollment Management and Growth Plan, as presented on October 17, 2018.

Moved: Thomas Kennedy; Seconded: Monica Bosson
Motion Carries Unanimously, Abstentions: None.

C. Further Discussion: Student-Centered Funding Formula

The Council engaged in a brief discussion about the new Student-Centered Funding Formula, and how we might make it work for CCSF.

X. New Business

A. Discussion: Proposals from DLAC

1. Requiring Regular & Effective Contact in the Adopted LMS (currently Canvas)
2. Recommending that Full-Time Faculty not Teach Entirely Online

Carol Reitan, chair of Distance Education, informed the council about 2 issues being discussed in the DLAC. These may come to the Council as resolutions in the future to maintain state compliance and best practices for online teaching. Anyone interested in providing input on the resolutions are invited to the next DLAC meeting (second Mondays) to discuss the proposals.

B. Resolution regarding the administrator search process

Resolution 2018.10.17.05  Academic Senate response to Administrator Search Process

The Council authorizes the Academic Senate Executive Council officers to pursue a joint resolution with the DCC and AFT about the pilot administrative search process.

Moved: Monica Bosson; Seconded: Lou Schubert
Motion Carries Unanimously, Abstentions: None.

XI. Administration’s report

Chancellor Rocha provided a brief update about the College and answered a few questions from the Council.

XII. Adjournment at 5:00pm, in memory of Felix Teisseire Smith, Jr., husband and supportive partner of Fred Teti in his many years of Academic Senate service.

Academic Senate Program Review (reprise)

On a similar note, all District units must write full, 3-year program reviews this semester. Most of this burden will fall on your stalwart officers. However, we welcome help from anyone willing to provide it. Please let me or any of the officers know if you wish to serve on an ad hoc program review committee.

Behind-the-Scenes Success Story: The Academic Renewal Form

Sometimes things go correctly. Counselor Donna Hayes noticed a few days ago that the Academic Renewal form’s language did not match the latest Academic Renewal policy. She brought it to my and Articulation Officer Deanna Abma’s attention that this was causing confusion among the students and counselors. The three of us wrote to various people in A&R and...voila...Dean Leyba agreed to get the form updated. She also had this to say (quoted with permission): “I don’t think I have ever mentioned how much I appreciate faculty. Faculty have
always been so supportive of A&R even when we make mistakes. This morning during the Chancellor’s speech, I was surrounded by so many faculty who were listening to the Chancellor while they were grading papers. They never stop working for our students.”

**Abridged Administrator Search Saga**
I just want to kvetch: At 4:37pm Monday afternoon, I received an email from the consultant managing the expedited administrator searches announcing that the paper-screening for the Associate Vice Chancellor of Finance and Administration would be Wednesday morning and the 4+-hour interviews (telephone and in-person) concluded by Tuesday next week. I mean, *really*. What’s next? Will I get the appointment request just as the paper-screening is starting?

**Basic Skills Report Signed**
The latest Basic Skills report shows that ~$533k was allocated and spent. On what, you ask? Well, some of it pays for our Math Lab TAs and our embedded tutors. Note that AB 705 puts the future of Basic Skills money in jeopardy because, well, we’re just not supposed to have basic skills courses anymore.

**Upcoming Curriculum Committee Items**
The Curriculum Committee recently approved two proposals that I intend to put on the Consent agenda for October 31: Changing the name of the Women’s Studies Department to Women’s *and* Gender Studies Department and the accompanying (information-only) prefix change from WOMN to WGST. Please tell me in advance if you wish these to be action items instead. Similarly…

**Upcoming Placement Models Item**
Please recall that, two meetings ago, Mandy, Dennis, Erin, and Greg gave us a presentation on the new placement models for English, mathematics, and ESL. The Assessment Office finalized these models on October 11th. The only change is a slight modification of GPA for the STEP placement at the mathematics default level. The links to these models are below (they should be live on the posted version of this report). I intend to put adoption of these models onto the October 31st Consent agenda. Please tell me in advance if you wish these to be action items instead.
