NOTICE

Interested Candidates:

The CVT/ECHO Program is on hold for the orientations until we know if we can start a new cohort in Fall 2022 or if we must delay the new class until Spring 2023. Covid has affected the hours of work experience for the current class, so they may not complete by May. Please continue to check back to see if orientation dates are posted. Orientations will not be scheduled until at least May 2022. Thank you for understanding.
