

## **CCSF Catalog Changes for 2015-16**

### **Policy Changes**

#### **Multiple Majors/Multiple Degrees (page 53)**

The Multiple Degrees policy was modified to allow a student who previously earned an AA/AS to receive an AA-T/AS-T in the same discipline in a later semester.

The Multiple Majors policy was modified so that a student cannot earn two degrees in the same discipline in the same semester, in the case where both the AA/AS and AA-T/AS-T are available.

#### **Academic Renewal/Exclusion (page 465)**

FW was added to list of grades that may be excluded.

#### **Advanced Placement (AP), College Level Examination Program (CLEP), and International Baccalaureate (IB) Exams (pages 467-471)**

The 12-unit residency requirement was removed so that students may apply for AP, CLEP, and IB credit when they first enroll at CCSF.

Detailed lists of AP, CLEP, and IB exams were created or expanded to show credit and general education equivalencies based on statewide guidelines for California community colleges.
