# CCSF Catalog Changes for 2018-19

## Policy Updates

**CCSF GE Area B: Written Composition Requirement (page 48)**
Students now have an additional way to meet this requirement – completion of a course (with a C grade or higher) that is approved as equivalent to CCSF's English 1B or 1C or to Communications Studies 2.

**Area G Waiver Policy Clarification (pages 50-51)**
Clarifies existing policy allowing students to waive CCSF GE Area G if they are pursuing high unit majors. High unit majors are defined as requiring 27+ units; policy was extended to include non-CTE majors. List of departments that will or will not waive Area G for their high unit majors is now included in catalog.
*Reminder: Now that this policy is in the print catalog, the old Area G Waiver forms should no longer be used (though previously signed forms will still be honored).*

**Minimum Requirements for CCSF Certificates (page 53)**
Residency and minimum grade requirement apply to <u>all</u> CCSF certificates beginning with the 18-19 catalog rights year:
- (Residency requirement) Students must successfully complete at CCSF at least 20% of the units required to earn the certificate.
- (Grade requirement) Students must pass all letter-graded certificate-applicable courses with a C or better and all P/NP certificate-applicable courses with a P.

**New "EW" Excused Withdrawal Grade (pages 468-469)**
"EW" (Excused Withdrawal) is a new grading symbol to be used when a student is "permitted to withdraw from a course(s) due to specific, verified events beyond the control of the student that affect his or her ability to complete a course(s)."

**Academic Renewal/Exclusion (page 473)**
Clarification that GPA needed to be eligible for academic renewal/exclusion is <u>cumulative</u>.

**Graduation with Honors (page 476)**
Grade points earned in physical education courses are no longer excluded in GPA calculations and grade points earned at other accredited colleges and universities may be fully counted – even if this results in students earning higher honors than they would have with their CCSF-only GPA.

## Program Changes of Note

**Majors:**
**New majors:**
- Art History (AA-T), page 93
- Travel and Tourism (AS), page 148 (reactivated)
