3.1.9 SMALL LOCAL BUSINESS ENTERPRISE (SLBE)

SLBE CERTIFICATION

Small Local Business Enterprises must be certified prior to the time proposals are due in order to receive credit toward the achievement of SLBE goals and eligibility for evaluation credits. The source used by the District to identify firms is the City and County of San Francisco's Contract Monitoring Division's (CMD) certification list. Firms that are certified by the CMD as Local Business Enterprise (LBE) are accepted as SLBE. The directory of certified firms can be found at <http://sfgov.org/cmd/directory-certified-lbes> on the Internet. The CMD Certification Unit can be reached at (415) 581-2310. Certification workshops are held by the CMD throughout the year. The schedule can be found at <http://sfgov.org/cmd/upcoming-events>.

The CMD certification requires geographical location in San Francisco and a demonstration of the economic disadvantage experienced by local businesses in San Francisco. The College District does not certify firms. It is for these reasons that the District requires CMD certification.

For more information on LBE, please visit the City Administrator's Contract Monitoring Division at <http://sfgov.org/cmd/>.

SUB-CONSULTING GOAL

The goal for this project has been established at not less than 50% of the total contract value of work to be performed throughout the life of the contract pursuant to the District's SLBE policy.

The firm responding to this solicitation is responsible for making sure that the team is composed in a manner to facilitate meeting the sub-consulting goal. Prime consultants should maximize the use of available resources and methods to solicit SLBE sub-consultant participation. The prime consultant will be given credit toward meeting the SLBE sub-consultant goal only when SLBE firms are awarded subcontracts for a commercially useful function, in accordance with industry practice. A copy of the SLBE firm's certification letter from the CMD must be included in the proposal submittals.

Prime consultants who do not meet the goal for SLBE participation must demonstrate in their proposal documents that they have used good faith efforts to utilize SLBE sub-consultants.

REQUEST FOR PROPOSAL (RFP) # 2021-020

INSURANCE BROKERAGE AND RISK MANAGEMENT CONSULTING SERVICES

Upon submittal of a proposal, prime consultants who have not met the goal must submit a Good Faith Effort Report. The Good Faith Effort Report will be reviewed by CCSF to determine eligibility for further participation in the Consultant team selection

SMALL LOCAL BUSINESS ENTERPRISE PARTICIPATION (SLBE) POLICY

It is the policy of City College of San Francisco (District) to ensure full and equal business opportunity for Small / Local Business Enterprises (SLBEs) wishing to do business with the District. Please refer to Appendix E: San Francisco Community College District Small Local Business Enterprise (SLBE) Program. The policy in its entirety can be viewed on the Facilities, Planning & Construction website: https://archive.ccsf.edu/en/about-city-college/administration/vcfa/facilities_planning/Facilities/slbe.html. The District has made the following findings concerning SLBE firms.

- SLBE firms that seek to enter into contracts with the District are at a competitive disadvantage with businesses from other areas because of the higher administrative costs of doing business in San Francisco (e.g., higher taxes, higher rents, higher wages and benefits for labor, higher insurance rates, etc.).
- The public interest is served by encouraging businesses to locate and remain in the District's market area, the City and County of San Francisco, through the provision of evaluation credits for construction related professional services in the awarding of District contracts to small local businesses.

Policies and programs that enhance the opportunities and entrepreneurial skills of small local Businesses will best serve the public interest because the growth and development of such businesses will have a significant positive impact on the economic health of the District's market area.

To ensure continued equal opportunity and non-discrimination in its contracting, the District maintains records of minority and women owned business participation on its contracts. The District desires that prime contractors and consultants voluntarily provide equal opportunity for minority and women owned firms to participate as sub-contractors and sub-consultants when offering their services to the District. Firms doing business with the District are required to submit a statement as to their own equal opportunity employment practices and non-discrimination policies before a contract can be executed.

Failure to comply with SLBE requirements disqualifies firms from participating in the selection process. These requirements include meeting the sub-consulting goal or providing a good faith effort report and submission of all required SLBE proposal submittal forms. The required submittal forms are listed in Section 1.02 of the "SLBE Rules, Regulations and Forms for Construction-Related Professional Services" RFQ.

Specific forms and requirements for completing the Good Faith Effort Report are included in the SLBE Program Rules, Regulations and Forms.

PRIME CONSULTANT INCENTIVES

Evaluation credits are incentives that are incorporated into the consultant team selection process to enhance the feasibility of SLBE firms successfully competing for larger contracts, as prime contractors. **Firms that do not meet the sub-consulting goal requirements and do not submit all of the required forms are not eligible for evaluation credits.** SLBE prime consultants will automatically receive a **10% evaluation credit** if the SLBE sub-consulting goal or good faith effort requirement is met. Non-SLBE prime consultants will

REQUEST FOR PROPOSAL (RFP) # 2021-020

INSURANCE BROKERAGE AND RISK MANAGEMENT CONSULTING SERVICES

automatically receive a **5% evaluation credit** if the SLBE sub-consulting goal is met or exceeded.

JOINT VENTURE (JV) INCENTIVES

Prime consultant participation as a Joint Venture (JV) with SLBE firms is encouraged. Evaluation credits will be allowed for these JVs if the SLBE sub-consulting goal or good faith effort requirement is met. As such, if both partners in a JV are SLBE firms, then the evaluation credit allowed will be **10% of potential points**. If the JV includes SLBE participation with SLBE ownership and control greater than 51%, then the evaluation credit allowed is **8% of potential points**. If the JV includes SLBE participation with SLBE ownership and control greater than 33%, but less than 51%, then the evaluation credit allowed is **7% of potential points**. Prime consultants are only eligible for one evaluation credit option.

OVERALL PROGRAM GOALS AND TARGETS

Goals

The District has established an overall program goal to ensure an adequate level of SLBE participation in District construction-related professional service subcontracts. The annual SLBE sub-consulting participation goal will be based on the availability of certified small local businesses for construction-related professional services:

Professional Service Goals: SLBE sub-consulting bonus points: 10 points
