

OVERVIEW

The Medical Administrative Assisting Program trains students to perform administrative procedures for employment as a medical receptionist, medical biller, admitting clerk, ward clerk, or office manager in an outpatient clinic, medical office, or health center. The program concentrates on anatomy and physiology, medical terminology and disease process, computer applications to include word processing, spreadsheets, and database, written correspondence, appointment scheduling and telephone technique, communication and professionalism, diagnostic and procedure coding, insurance and bookkeeping activities, electronic health records applications, and office management skills.

DEGREE: The Medical Administrative Assistant Program offers an Associate Degree only.
