

SFUSD

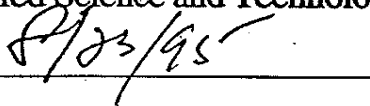

ARTICULATION AGREEMENT

This statement constitutes approval of and support for the articulated Two Plus Two program in Automotive Technology:

In support of the basic principles that:

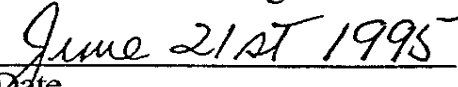

- A. No student should be required to repeat instruction for competencies learned and for which credit has been granted, and,
- B. Students shall be allowed to reach their desired educational and *career* goals in an efficient sequence of incremental achievements, the following *terms* and conditions are agreed upon and approved.
 - I. Each student enrolling in City College of San Francisco shall meet the matriculation requirements in English or English as a Second Language and Mathematics.
 - 2. A student may be admitted to the City College Automotive Technology program with ten college units in AutoTech 100 if,
 - a. the student passes the John O'Connell program with grades of B or better and receives school certification that equivalent competencies have been learned; or,
 - b. the student's high school portfolio is certified by both the high school and the CCSF Automotive Technology Department as meeting minimum competency requirements; or,
 - c. the student passes the challenge examination in automotive technology at City College of San Francisco with a score of 70 or better;
