Foreword

This document contains the annual budget and annual plan for fiscal year 2009-2010. This version is the Final Budget. As specified by the California Code of Regulations, the governing board of each community college district is required to adopt a preliminary budget for the ensuing fiscal year on or before June 30. The code further requires a hearing and the adoption of a final budget on or before the 15th day of September. The Budget contained herein is recommended as the Final Budget for fiscal year 2009-2010. For fiscal year 2009-2010, due to the late passage of the California State Budget, Community College Districts were granted extensions through the October Board Meeting.

Introduction and Budget Message

Chancellor's Budget Message

Developing a final budget for fiscal year 2009-10, in the face of the worst economic downturn since the 1930's, has been one of the most daunting challenges City College has ever faced. Reductions in state funding for community colleges in California have been greater than anyone could have imagined. The combination of deep cuts to apportionment and to categorical programs along with a decline in sales tax and lottery money has forced the college to reduce what it offers just when the communities we serve need the college the most. While this year's state budget process took quite long to complete, dragging on into late September, this lengthy effort did not result in any long-term solutions to California's continuing fiscal problems. In fact, just like last fiscal year, there is concern that the state budget adopted by the Governor and the legislature for fiscal year 2009-10 contains overly optimistic revenue assumptions. If these concerns prove to be true, the state budget could be revisited as early as December 2009 and mid-year cuts could be put in place soon thereafter. Because of this concern our own revenue assumptions must remain conservative, our spending must continue to be constrained, and we will need to monitor our spending on a continuing basis to ensure that we stay on track for meeting our savings goals.

The key components of the final state budget for fiscal year 2009-10 were all negative. They included no funding for growth, no COLA, about a three per cent cut in apportionment, and cuts of approximately fifty per cent to most categorical programs. To make matters worse student fees were increased as well.

The final budget as proposed for adoption by the Board on October 22nd has been endorsed by the college's shared governance Planning and Budget Council. It represents an extraordinary level of cooperation across all college constituencies, significant sacrifices by the unions that represent the college's workforce, and valuable input from the Board of Trustees. To maintain as much of the College's core functions as possible in a time of significantly lower funding, hiring has been frozen, consultant contracts have been greatly reduced, and travel has been eliminated. Unfortunately these actions only addressed a small portion of the college's budget gap, and additional reductions are necessary. Specifically, the College will be forced to reduce both counseling assignments and the number of classes offered during Fall and Spring by about six per cent. It will also be necessary for the College to dramatically reduce, and possibly eliminate the 2010 summer session. The final budget as recommended does not require any layoffs of the college's fulltime workforce and protects part time workers as much as possible under current conditions. The budget also provides some relief but does not eliminate the increase in the out of pocket portion of health insurance costs for the College workforce.

To avoid further cuts that would result in layoffs during fiscal year 2009-10, it will be necessary to use a portion of the college's Board Designated Reserve to maintain a balanced budget. While the amount authorized would be $2 million, our goal will be to spend less than $2 million. Preserving as much of the reserve as possible must be one of our goals as California already has a projected deficit for 2010-11 and additional cuts to community colleges may occur at that time.

While the fiscal news is indeed grim, I have been moved by the continuing efforts of our workforce to do everything they can for our students. Even in the toughest of times San Francisco can rely on City College to be its primary workforce trainer and staircase to higher degrees and a better life.…but we could sure use some additional resources to make it happen.

Revenue Assumptions for FY 2009-10:

- The final budget is based on the final State Budget for 2009-10. It does not include any reductions that may occur if the Governor initiates mid-year cuts;

- Lottery income will be flat in 2009-10 remaining lower than it was in 2007-08;

- Sales tax revenue will be lower in 2009-10, continuing a decline that began in 2008-09;

- Non-resident tuition will be slightly lower in 2009-10 than 2008-09;

- Net Interest income will be zero;

- Other revenues will be relatively flat;

- The Board of Trustees will authorize the transfer of $2 million from the Board Designated Reserve into the Unrestricted General Fund to provide funds needed to backfill a large portion of the deficit in categorical programs that has been created by the Governor's proposed cuts.

Total	$ 102,000,000

Footnote: Numbers listed on the left are estimated for Fiscal Year 2009-10. On an overall basis budgets for remaining projects can be described as follows: Chinatown/North Beach Campus budget appears to be adequate in the current biding environment but not all bids have been received. Budget for ADA work required by federal court may need to be supplemented. Budget for Joint Use Facility is adequate but the cost for overall site development on the reservoir property for a total of three planned facilities including Joint Use, may have eroded a portion of the budget for the Performing Arts Center. Revised cost estimate for the PAC is being developed to determine whether the remaining budget for that project is sufficient. Budget for John Adams is adequate for completing the project.

(1): Prior year carry-forward authorizations are maintained and rolled forward into 2009-2010.

Part 1: Adoption of the Annual Budget

Section 1 In accordance with Title 5, California Code of Regulations, Section 58196 the Board of Trustees of the San Francisco Community College District hereby adopts the Annual Budget for 2009-2010, hereinafter termed the Annual Budget of the San Francisco Community College District, as detailed on Community College District forms and summarized by fund, purpose, and amount as follows:

Section 2 Any action taken by the Board of Trustees at its meeting of October 22, 2009 shall be incorporated in the 2009-2010 Annual Budget and a copy of the 2009-2010 Annual Budget with modifications shall be placed in the official files of the Board of Trustees.

Section 3 The estimated receipts, income and revenue enumerated in the Annual Budget are hereby appropriated to the several funds and departments indicated in the Annual Budget for the purpose of meeting expenditure appropriations provided in the Annual Budget. These proposed expenditures are hereby appropriated to the funds and departments enumerated in the Annual Budget. Each department for which an expenditure appropriation is made is hereby authorized to use, in the manner provided by law, the amounts so appropriated for the purpose specified in the Annual Budget.

Section 4 The Chancellor and Vice Chancellor of Finance and Administration are hereby authorized to convert the budget as adopted by the Board of Trustees on Community College District forms to the official State forms prescribed by the Chancellor, California Community College; to execute, process, and file all necessary documents required by the Education Code or the California Code of Regulations; to place a copy of all budget documents in the official files of the Board of Trustees; and due to the fact that certain entries on the State forms are based on estimates, to use the latest available information when preparing all entries concerning the 2009-2010 Expenditures, and 2009-2010 Revenue sections of the budget. All entries concerning the 2009-2010 Expenditures section shall be in accordance with the total proposed expenditures included in the 2009-2010 Annual Budget as listed above.

Section 5 The Chancellor and Vice Chancellor of Finance and Administration are also authorized to execute all necessary budgetary documents, including current and subsequent budget transfers as required to maintain depository accounts with the San Francisco Controller, provided they are within the purposes and amounts of the budgets adopted on Community College District forms.

Section 6 The Chancellor and Vice Chancellor of Finance and Administration are hereby authorized and obligated to the Administrative Provisions as

contained in the attachment to this resolution entitled, Administrative Provisions, 2009-2010

Section 7 Any provisions contained in the tentative budget resolution adopted by the Board of Trustee's in June 2009 that are not superseded or contradicted by this resolution shall remain in effect.

Part 2: General Fund Restricted

Section 1 The General Fund - Restricted portion of the SFCCD Annual Budget contains appropriation of categorical funds from various granting agencies, thru RFP's, Apportionment, Allocations, Subcontracts, Sub-Recipient Agreements, Fee Based Programs, Property rentals and overhead recoveries. Such appropriation shall be increased or decreased in accordance with the amount made available during the year 2009-2010 by cash receipts or allocations from the State of California or by amounts carried over from the prior fiscal year. Within each categorical program, transfers from unallocated amounts, transfers between accounts, and transfers between major classes are authorized to be made by the Chancellor and Vice Chancellor of Finance and Administration to the extent permitted by the laws and regulations of the State of California. In addition transfers from one categorical program to another categorical program as permitted by state law are authorized, provided the total amount transferred for all eligible programs does not exceed one hundred dollars ($100).

Part 3: Child Development Fund

Section 1 The Child Development Fund portion of the SFCCD Annual Budget contains appropriations of categorical funds from California Dept. of Education through RFP's, Subcontracts, Sub-Recipient Agreements or gifts from various donors. Such appropriations shall be increased or decreased in accordance with the amount made available during fiscal year 2009-2010 by cash receipts or allocations from the State of California. Within each categorical program, transfers from unallocated amounts, transfers between accounts, and transfers between major classes are authorized to be made by the Chancellor and Vice Chancellor of Finance and Administration to the extent permitted by the laws and regulations of the State of California.

Section 1 Because total appropriations contained in the Annual Budget are based on estimated revenues which may not be fully realized, it shall be incumbent upon the Chancellor and Vice Chancellor of Finance and Administration to review revenue estimates each month. If such revenue estimates indicate a shortage, the Chancellor and Vice Chancellor of Finance and Administration are authorized to freeze an equivalent amount of expenditure appropriations and report this action to the Board of Trustees. These frozen appropriations may only be released if subsequent estimates indicate that the collection of the amount of revenue originally estimated is assured.

Section 2 The Chancellor and Vice Chancellor of Finance and Administration are hereby authorized to make any transfer necessary to correct erroneous account classifications or to effect any changes in accounts made necessary by changes in the method of expenditures within the purpose of the appropriation; such as when the Board of Trustees has authorized a lump sum appropriation for a program or a project and transfers to subsidiary appropriations are required by State budgetary practices. In contrast, transfers from the unallocated appropriations to any expenditure classification shall be made only by formal resolution approved by a two-thirds vote of the members of the Governing Board as provided for in Title 5, California Code of Regulations, Section 58199; in addition transfers between major budget classifications shall be made only by a formal resolution approved by a majority of the members of the Board of Trustees as provided for in Title 5, California Code of Regulations, Section 58199. Any other transfers between subordinate accounts within a single major classification may be made by the Chancellor and Vice Chancellor of Finance and Administration.

Section 3 The Chancellor and Vice Chancellor of Finance and Administration are hereby authorized; to transfer subject to the provisions of Title 5, California Code of Education, Section 58199 and expend from any other available budgeted funds for lump sum payments to classified employees upon death or retirement for service or separation caused by industrial accident for accumulated sick leave benefits. Provided, however, that the position held by an employee who is entitled to such lump sum payment will not be filled with either a permanent or temporary replacement until such lump sum payment has been recovered from funds budgeted for personal services, however in the event that said position must be filled immediately it may be so filled on the authorization of the Chancellor or the Vice Chancellor of Finance and Administration.

Section 4 That the Chancellor and Vice Chancellor of Finance and Administration of the San Francisco Community College District are hereby authorized and directed to continue the existing special and trust funds, reserves; and the receipts in each such fund are hereby appropriated in accordance with law and the conditions under which such fund was established. The Chancellor and the Vice Chancellor of Finance and Administration are hereby authorized and directed to set up additional special and trust funds and reserves as may be created by either additional requests or under other conditions and the receipts in each fund are hereby appropriated in accordance with law for the purposes and subject to the conditions under which each fund was established.

Section 5 That whenever the San Francisco Community College District shall receive for a special purpose from the United States of America, the State of California, or from any public or semi-public agency, or from any private person, firm or corporation any money or property to be converted into money, there shall be set up in the accounting records of the San Francisco Community College District, a special fund or account evidencing the amount received and specifying the special purposes for which it has been received and for which it is held. Such an account or fund shall be maintained as long as any portion of said money or property remains. Such receipts are hereby appropriated in accordance with law for the purpose and subject to the conditions under which each receipt was received.

Section 6 Permanent certificated and classified positions continued or created by the Board of Trustees in the Annual Budget, may be increased, decreased, or reclassified only by approval of the Chancellor and Vice Chancellor of Finance and Administration. Funds provided with the approval of the Chancellor and Vice Chancellor of Finance and Administration may be used to provide temporary employment when it becomes necessary to replace a permanent occupant of a position while on extended leave without pay, or for the temporary filling of a vacancy for a permanent classified position. Funds provided in the Annual Budget for permanent certificated positions may be transferred with the approval of the Chancellor and Vice Chancellor of Finance and Administration to other certificated positions.

Institutional Annual Plan
City College of San Francisco
2009-2010

The Annual Plan is based primarily upon the College's New Strategic Plan adopted by the Board of Trustees in February 2003. The Annual Plan serves as an operational version of the College's plans for a one-year period; it consists of a set of institutional objectives that are to be achieved by the College through the efforts of the college units, departments, schools and administrative operations. Thus, the unit plans are linked to the Annual Plan, just as the Annual Plan is linked to the College's overall Strategic Plan. Implementation will follow established college processes and procedures.

The annual institutional objectives are developed in two categories: Basic Operational Objectives that support the College mission and functions, and Developmental Objectives that support new initiatives and innovations. The developmental objectives are mostly drawn from the Strategic Implementation Schedule of the College Strategic Plan. Please consult the Implementation Schedules for specific action plans that are associated with the developmental objectives in this Annual Plan. The full set of Implementation Schedules is available on line at the following URL:

http://www.ccsf.edu/Offices/Research_Planning/strategic_implement.htm

The achievement of these developmental objectives is conditional upon appropriate financial resources that may be uncertain.

Progress in achieving these objectives will be evaluated during an end-of-year review. All major cost centers at the College will report their progress. The College recognizes that changes in objectives may be necessary to adapt to new unanticipated situations. Additional modifications to the College's assessment system will be addressed by the Planning and Budgeting Council to make a clearer connection between the assessment of the institutional annual planning objectives and progress toward meeting the College's strategic planning priorities.
