## Chancellor's Address

August 18, 2016

## Message from the Chancellor

Dear Board of Trustees,
I am submitting this proposed Final Budget for fiscal year 2016-17 for your approval. This budget has been developed collaboratively in accordance with relevant Board polices and administrative procedures and been vetted through our Participatory Governance Council as well as through two budget forums.

As an extension of the approved Tentative Budget, this budget reflects provisions that were included in the Governor's May Revision plus additional provisions that were only reflected in the final enacted State Budget. All of later included funding for categorical and restricted programs. See page $\qquad$ for a detailed analysis.

Fiscal year 2016-17 is the final year of stability funding. This means that this budget reflects a funded workload reduction of 1,631 FTES which equates to a reduction in funding from the State of approximately $\$ 8.3$ million. This revenue reduction is only partially offset by addition state revenue of $\$ 2.4$ million from a general fund base increase and mandated cost revenue. Next year, fiscal year 201718 , we are off of stability funding which means that we will be funded based upon actual enrollment. At our current enrollment level, we would experience an additional state funding reduction of $\$ 37$ million. Should this occur, our three year cumulative state budget reductions will have exceeded $\$ 43$ million. The positive news is that we do have a commitment from the State that we will be funded for all of the full time equivalent students we are able to restore for the next five years.

Given the current enrollment picture, this budget is the first step in preparing for subsequent year fiscal challenges that may face us. We have multi-year financial scenarios prepared (see page $\qquad$ ) that provide us with tools to plan, anticipate, and respond as necessary and with the focus of staying true to our core mission.

I am proud of all that we have accomplished this past year and how we, institutionally, have responded to the obstacles before us. We do great work and serve our community and constituents with all that we have. This budget reflects the hard work, difficult decisions we have made institutionally, and our unwavering commitment to provide quality higher education and career development skills to our students.

Sincerely,

Susan Lamb

On June 27, 2016 the Governor signed the State Budget and accompanying trailer bills. For community colleges, the enacted State Budget focuses on investing more in education, boosting programs in fighting poverty and homelessness, and stays the course of increasing reserves and paying down debt by contributing to California's Rainy Day Fund. Significant community college provisions are highlighted below with changes noted between the May revision and initial budget proposal.

In addition to these provisions, the State budget also provides a restoration period for CCSF. Specifically, commencing with fiscal year 2017-18 the restoration period is extended from three years to five years and allows the College to be funded for restored FTES. For example, in fiscal year 2015-16 the College generated 21,836.84 FTES. Our FTES base for fiscal year 2012-13 was 32,628. Under the State approved restoration language, we are guaranteed funding for FTES restored from 21,836.84 up to 32,628 as long as this restoration occurs between fiscal years 2017-18 and 2021-22.

## Principles of Sound Fiscal Management

## (California Code of Regulations, Title 5, Section 58311)

In any organization certain principles, when present and followed, promote an environment for growth, productivity, self-actualization, and progress. The following principles shall serve as the foundation for sound fiscal management in community college districts:

1. Each district shall be responsible for the ongoing fiscal stability of the district through the responsible stewardship of available resources.
2. Each district will adequately safeguard and manage district assets to ensure the ongoing effective operations of the district. Management will maintain adequate cash reserves, implement and maintain effective internal controls, determine sources of revenues prior to making short-term and long-term commitments, and establish a plan for the repair and replacement of equipment and facilities.
3. District personnel practices will be consistent with legal requirements, make the most effective use of available human resources, and ensure that staffing costs do not exceed estimates of available financial resources.
4. Each district will adopt policies to ensure that all auxiliary activities that have a fiscal impact on the district comport with the educational objectives of the institution and comply with sound accounting and budgeting principles, public disclosures, and annual independent audit requirements.
5. Each district's organizational structure will incorporate a clear delineation of fiscal responsibilities and establish staff accountability.
6. Appropriate district administrators will keep the governing board current on the fiscal condition of the district as an integral part of the policy and decision making processes.
7. Each district will effectively develop and communicate fiscal policies, objectives, procedures, and constraints to the governing board, staff, and students.
8. Each district will have an adequate management information system that provides timely, accurate, and reliable fiscal information to appropriate staff for planning, decision making, and budgetary control.
9. Each district will adhere to appropriate fiscal policies and procedures and have adequate controls to ensure that established fiscal objectives are met.
10. District management will have a process to evaluate significant changes in the fiscal environment and make necessary, timely, financial and educational adjustments.
11. District financial planning will include both short-term and long-term goals and objectives, and broadbased input, and will be coordinated with district educational planning.
12. Each district's capital outlay budget will be consistent with its five-year plan and reflect regional planning and needs assessments.

## DESCRIPTION OF FUNDS

The following is a brief discussion of the funds included in the District's 2016-17 Final Budget:

## DISTRICT OPERATING BUDGET - GENERAL FUND UNRESTRICTED

The 2016-17 General Fund Unrestricted accounts for all the revenues and expenditures used for financing the general operations of the District. General operations include areas such as instruction, student services, administration, information technology, maintenance and operations.

Resources are allocated within this fund in accordance with Board Policy and Administrative Procedure 8.01 Budget Preparation and Fiscal Accountability. Central to these documents is the concept of resource allocation to support the schedules of classes offered by the College within any particular fiscal year.

Under the State's funding model, there are three major sources of revenue that provide the resources necessary to fund the general operations of the District. These major sources are general apportionment, local property taxes, and enrollment fees and tuition that account for approximately $90 \%$ of the revenue received.

Major Sources of Revenue

Full-Time Equivalent Students (FTES) is the primary workload measure used by the state to determine how much of the total revenue from these sources the district is to receive. For the 2016-17 fiscal year, under stability funding, the funded FTES level provided from the State is 29,359 FTES. The following is a 15 year FTES history.

The properly budget and manage instructional budgets, the College budgets sufficient full time equivalent faculty necessary to support planed course offerings. The College has set its FTES and FTEF (Full Time Equivalent Faculty) targets as shown below.

## Special Revenue Fund

The Special Revenue Fund is used to account for the proceeds of specific revenue sources whose expenditures are legally restricted. The primary Special Revenue Fund used by the District is to account for the Parcel Tax that was approved by the voters on November 6, 2012. The passage rate was $72.90 \%$. The ballot language on which the voters casted their votes read, "To provide City College of San Francisco with funds the State cannot take away; offset budget cuts; prevent layoffs; provide an affordable, quality education for students; maintain essential courses including, but not limited to, writing, math, science, and other general education; prepare students for four-year universities; provide workforce training including, but not limited to nursing, engineering, technology, and business; and keep college libraries, student support services, and other instructional support open and up-to-date; shall the San Francisco Community College District levy 79 dollars per parcel annually for eight years requiring independent audits and citizen oversight."

## Child Development Fund

The Child Development Fund accounts for the revenues and expenditures for the operations and support of child care and development services. Sources of revenue within this fund include grants from the state and parent fees.

## Trust and Agency Funds

The Trust and Agency Fund is used to account for assets held by the district in a trustee or agency capacity for individuals, private organizations, other governmental units, and/or other funds. There are dozens of individual trust and agency funds stemming from funds raised by individual departments and programs.

## Capital Outlay Fund

The Capital Outlay Fund is used to account for receipt and expenditures of State and locally funded capital projects and scheduled maintenance projects.

## Bond Construction Funds

Bond Construction Funds are used to account for the proceeds from the sale of bonds and to be used for the acquisition or construction and all expenditures of authorized projects.

On June 1997 Proposition A was proposed to allow the City to borrow $\$ 140$ million by issuing general obligation bonds to use the money to renovate, purchase or build public school and City College buildings. The City plans to improve building safety systems, upgrade electrical systems, install computer networks, modernize science laboratories, build additional classrooms, remove hazardous materials, and provide access for disabled persons. The Proposition language which was proposed read, "Educational Facilities Bonds, Shall the City and County incur $\$ 140$ million of bonded indebtedness for the acquisition, construction and/or reconstruction of
educational facilities used or to be used by the San Francisco Unified School District or the City College of San Francisco and all other works, property and structures necessary or convenient for the foregoing purposes?"

In November 2001 the voters approved Proposition A. The Proposition was approved by voters with an overall approval rate of over $55 \%$. The ballot language on which the voters casted their votes read, "Shall the San Francisco Community College District issue, at interest rates within legal limits, bonds of $\$ 195,000,000$ to pay for capital improvements (including facilities to eliminate outdated bungalows; improved disabled accessibility; complete technology network, and new campuses in the Mission and Chinatown/North Beach neighborhoods) further described in the General Obligation Bond Project Report available from the Director of Elections and College?"

In November 2005 the voters approved Proposition A. The Proposition was approved by voters with an overall approval rate of over $55 \%$. The ballot language on which the voters casted their votes read, "Shall City College increase opportunities and improve conditions at its campuses throughout San Francisco by issuing $\$ 246,300,000$ in Phase II Bonds at legal interest rates to pay for capital improvements including increasing student access to advanced computer technology and biolstem cell technology, renovating classrooms, building new facilities for upper division classes, neighborhood classes and the performing arts, with annual audits, citizens’ oversight and no spending for college administrators’ salaries?"

The Student Body Center Fee Trust Fund is used to account for funds collected by the District for the purpose of establishing an annual building and operating fee to finance, construct, remodel, refurbish, and operate the student center.

## Student Financial Aid Fund

The Student Financial Aid Fund is used to account for the deposit and direct payment of government-funded student financial aid, including grants and loans or other funds intended for student support and aid.

## 2016-17 Final Budget Assumption

## 2016-17 Budget Assumptions - Final Budget

These assumptions have been used to develop the 2016-17 Proposed Final Adopted Budget in accordance with Administrative Procedure 8.01 - Budget Preparation and Fiscal Accountability. These assumptions were initially developed in January 2016 and adjusted when new information, such as when the May Revision, became available or released by the Governor and when the Governor signed the State Budget.

## General Assumptions

1. The 2016-17 Final Adopted Budget will be balanced with the use of reserves, as planned in the multi-year budget scenarios.
2. The College will use plans, program reviews, planning documents, and planning processes as a basis for the development of expenditure budgets.
3. The 2016-17 budget will be developed taking into consideration that the District continues to receive stability funding, the $3^{\text {rd }}$ and final year of stability funding. The base revenue reduction attributed to this step down is approximately $\$ 8.3$ million in ongoing revenue.

## Revenue Assumptions

4. General apportionment deficit factor of 1\% for 2016-17 (5 year average), $\$ 1.55$ million.
5. Continued stability funding per SB 860 -
a. For fiscal year 2016-17, funding level not less than $90 \%$ of what was received in fiscal year 201213. $\$ 8.3$ million reduction compared to fiscal year 2015-16. Equates to approximately 1,631 FTES workload reduction.
6. Enrollment growth/access funds of 0\% for 2016-17.
7. The Cost of Living Adjustment (COLA) of 0.00 \% for 2016-17.
8. Full Time Equivalent Student (FTES) funded base of 29,359. Fiscal year 2015-16 funded base was 30,990 FTES.
9. Credit productivity target of 15 FTES/FTEF, non-credit 21 FTES/FTEF.
10. Anticipated property tax receipts of $\$ 71.6$ million.
11. Unrestricted lottery at $\$ 140.00$ per funded FTES.
12. Continued Measure A Parcel Tax revenue of $\$ 14.9$ million - budgeted and accounted for in the Special Revenue Fund.
13. Continued Sales Tax Revenue of $\$ 16.9$ million.
14. Continued Proposition 30 State funding of $\$ 22.9$ million. This represents a reduction of $\$ 2.0$ million compared to amounts received in the prior year. This loss is attributed to the anticipated sunset of additional sales tax revenue received under Proposition 30 mid-year. Under existing law, the additional sales tax revenue expires December 31, 2106. Future full year reductions will be approximately $\$ 5$ million.
15. General Fund Base increase of $\$ 2.3$ million to be used for employee benefits, facilities, professional development, converting part-time faculty to full-time, and other general expenses.
16. Mandated Cost Claim revenue of $\$ 2.2$ million. This is a reduction from the previous year's allocation of $\$ 13.6$ million.

## Expenditure Assumptions

17. The District intends to meet all negotiated contractual obligations.
18. The Final Budget reflects the components of the tentative agreement between the District and AFT 2121. This includes base salary budget increases of $\$ 6.4$ million.
19. Projected step and column salary increases of $\$ 2.2$ million.
20. Projected STRS contribution of $12.58 \%$ (increase of $1.85 \%$ ), SFERS contribution of $23.26 \%$, and CalPERS contribution $22.937 \%$. Total cost increase of approximately $\$ 1.75$ million).
21. Increase in Medical premiums on average of $3 \%$ up to District cap - \$700,000 (4 year annual average increase - Actuarial assumptions in OPEB report project 4\%).
22. OPEB required contribution of $\$ 2,7500,000$. This is in addition to $\$ 7.7$ million budgeted for pay-as-yougo obligations.
23. Continued allocation of $\$ 2.0$ million to Buildings and Grounds for maintenance items.
24. Continued allocation of $\$ 2.0$ million to IT for technology related priorities as identified by program review.
25. Program review, VRG, and FPAC will be used to prioritize staffing.
