Requests for Intersession and Early Clearance work should be sent to Student Employment at studentemployment@ccsf.edu.
- New student hires cannot begin work until the supervisor has been notified they are cleared for hire.
- Students previously employed by City & County of SF are NOT eligible for Student Employment.
- Supervisors are responsible to track student workers Federal Work Study (FWS) hours to ensure they do not go over their allotted FWS approved hours.

Policy Updates

On-Campus/In-Person Work

Starting Fall 2022 the College will no longer require R2C plans for student workers. Instead, all in-person student workers will be required to have proof of Covid-19 vaccination or a valid exemption on file with the College. Students not in compliance with this requirement will not be eligible for on-campus work and can only be hired into remote/online positions. ITS is currently implementing these changes which should go into effect by the start of the Fall semester. For more information on how to update your vaccination status and provide the necessary documentation please visit <https://www.ccsf.edu/covid-19-updates>.

Remote/Online Work

If your student workers will be online and/or remote for Fall 2022 they will be exempt from the Covid-19 vaccination and TB test requirement but cannot come to campus for any work-related duties. Supervisors of online/remote student workers will be required to submit a Supervisor Agreement Remote Duties form, which will be provided by our office once you complete the SHEP process. Students hired as remote/online cannot transition to in-person work without first being terminated and rehired into an on-campus/in-person job and then submitting to the Covid-19 vaccination and TB clearance process.

Not Sure If Your Student Worker Will Be In-Person or Remote/Online?

If you are not sure whether your student worker will be remote/online or in-person this semester we suggest you classify your position as in-person. This will prompt your student worker to go through the Covid-19 vaccination and TB clearance process.
