

CCSF Fact Sheet – Annual Headcount

Annual student headcount represents the number of individuals who take a class at CCSF, at some point during an academic year. Credit headcount includes students enrolled a credit class as of census. Noncredit headcount includes students with at least eight hours of attendance in a noncredit class, for a positive attendance section; or students who attended at least one census, for a two-census section. The overall headcount includes each student once whether enrolled in credit, noncredit, or both.
