

Addiction and Recovery Counseling Certificate and Degree Programs

“This program wasn’t just another academic requirement; it was a journey where we learned from each other and were prepared to make a difference in our communities. As a working adult, the curriculum was supportive and flexible, which allowed me to attend classes.”

— Louie Gomez, ARC Graduate

About Addiction and Recovery Counseling at CCSF

Our comprehensive addiction and recovery counseling programs prepare students to enter or advance in the field through rigorous, accessible training. We offer flexible pathways designed for working adults, from a certificate to an associate degree that transfer to 4-year institutions. Our curriculum combines academic excellence with practical skills, empowering students to make a meaningful impact in addiction prevention, treatment, and counseling services.

Why Choose Our Program

We offer accredited, affordable addiction studies education with multiple completion pathways tailored for working professionals.

- Flexible scheduling options allows students to complete their program at their own pace while maintaining work-life balance
