**Subject:** FPAC Hiring Decisions

**FROM DAVID YEE AND LISA COOPER WILKINS**

Dear Deans and Chairs,

We are writing with the decisions we have reached regarding the FPAC prioritizations for 2026-27 based on Fall 2024 Annual Plan/Program Review requests. This timeline brings the college into closer alignment with the timeline in the Faculty Hiring Document (approved by the Board of Trustees, May 19, 2023).

Ten full-time positions are approved to move forward: nine u-funded and one categorically funded. From the FPAC list below, we will be funding one position for those marked with an asterisk (\*) and proceeding with the hiring process to fill these positions for a Fall 2026 start. The two positions that are not asterisked (shown in strikethrough below) were awarded positions last year, thus are not being filled this year.

**Academic Departments**

- Interdisciplinary Studies \*
- Counseling Services & Programs \*
- Culinary Arts & Hospitality Studies \*
- Biology \*
- Behavioral Sciences
- Library (Services) \*
- Chemistry \*

**Academic Departments with Programmatic Accreditation Concerns**

- Health Care Technology \*
- Nursing, Registered
- Nursing, Licensed Vocational \*

**Categorically Funded**

- DSPS \*

In addition to those asterisked above, one position for African American Studies is approved to move forward due to an emergency situation and in support of our equity emphasis.

Chairs, please work with your dean to begin the hiring process.

Sincerely,  
  
David Yee, Vice Chancellor for Academic & Institutional Affairs  
  
Lisa Cooper Wilkins, Vice Chancellor for Student Affairs
